Perfectly Awful The Philadelphia 76ers Horrendous

Steve Oney

Perfectly Awful The Philadelphia 76ers Horrendous:

Perfectly Awful Charley Rosen, 2014-08-14 During the 1972 1973 basketball season the Philadelphia 76ers were not just a bad team they were fantastically awful Doomed from the start after losing their leading scorer and rebounder Billy Cunningham as well as head coach Jack Ramsay they lost twenty one of their first twenty three games A Philadelphia newspaper began calling them the Seventy Sickers and they duly lost their last thirteen games on their way to a not yet broken record of nine wins and seventy three losses Charley Rosen recaptures the futility of that season through the firsthand accounts of players participants and observers Although the team was uniformly bad there were still many memorable moments and the lore surrounding the team is legendary Once when head coach Lou Rubin tried to substitute John Q Trapp out of a game Trapp refused and told Rubin to look behind the team s bench whereby one of Trapp s friends supposedly opened his jacket to show his handgun With only four wins at the All Star break Rubin was fired and replaced by player coach Kevin Loughery In addition to chronicling the 76ers woes *Perfectly Awful* also captures the drama culture and attitude of the NBA in an era when many white fans believed that the league had too many black players *The Chosen*

Game Charley Rosen, 2017-11-01 A few years after its invention by James Naismith basketball became the primary sport in the crowded streets of the Jewish neighborhood on New York s Lower East Side Participating in the new game was a quick and enjoyable way to become Americanized Jews not only dominated the sport for the next fifty plus years but were also instrumental in modernizing the game Barney Sedran was considered the best player in the country at the City College of New York from 1909 to 1911 In 1927 Abe Saperstein took over management of the Harlem Globetrotters playing a key role in popularizing and integrating the game Later he helped found the American Basketball Association and introduced the three point shot More recently Nancy Lieberman played in a men s pro summer league and became the first woman to coach a men s pro team and Larry Brown became the only coach to win both NCAA and the NBA championships While the influence of Jewish players referees coaches and administrators has gradually diminished since the mid 1950s the current basketball scene features numerous Jews in important positions Through interviews and lively anecdotes from franchise owners coaches players and referees *The Chosen Game* explores the contribution of Jews to the evolution of present day pro basketball

Tall Tales and Short Shorts Adam J. Criblez, 2017-06-09 In basketball just as in American culture the 1970s were imperfect But it was a vitally important time in the development of the nation and of the National Basketball Association During this decade Americans suffered through the war in Vietnam and Nixon s Watergate cover up not to mention disco music and leisure suits while the NBA weathered the arrival of free agency and charges that its players were too black Despite this turmoil or perhaps because of it the NBA evolved into a cultural phenomenon *Tall Tales and Short Shorts* Dr J Pistol Pete and the Birth of the Modern NBA traces the evolution of the NBA from the retirement of Bill Russell in 1969 to the arrival of Larry Bird and Magic Johnson ten years later Sandwiched between the youthful league of the sixties and its mature

successor in the eighties this book reveals the awkward teenage years of the NBA in the seventies It examines the many controversies that plagued the league during this time including illicit drug use on court violence and escalating player salaries Yet even as attendance dwindled and networks relegated playoff games to tape delayed late night broadcasts fans still pulled on floppy gray socks like Pistol Pete Maravich emulated Kareem Abdul Jabbar s sweeping skyhook and grew out mushrooming afros la Dr J Julius Erving The first book length treatment of pro basketball in the 1970s Tall Tales and Short Shorts brings to life the players teams and the league as a whole as they dealt with expansion a merger with the ABA and transitioning into a new era Sport historians and basketball fans will enjoy this entertaining and enlightening survey of an often overlooked time in the development of the NBA *Basketball Country* Matthew Duquette,2022-04-22

Basketball Country takes basketball fans on a two week road trip through the American basketball heartland covering NBA and college games and hitting basketball museums famous streetball courts and historical landmarks along the way Through Boston Springfield New York City Philadelphia North Carolina Kentucky Indiana and finally Kansas this trip is fast paced passionate and insightful Set in early 2020 *Basketball Country* chronicles some of the last games before the COVID 19 pandemic halted the world as well as the heartbreaking death of Kobe Bryant From the invention of basketball and background on famous players to photographs of noteworthy moments and recommended books and movies *Basketball Country* offers a deeper dive into the game This book will enrich any fan s passion for basketball **Dribbling a Basketball on the Road to Damascus**

Charley Rosen,2025-10-28 A coming of age novel that takes us from a very tall boy s discovery of his love of basketball to a young man who engages in point shaving while a college player on his way to NBA brilliance with a shadow hanging over him a book that sheds light on both the sheer beauty and some of the ugliness in the game A bildungsroman and the most autobiographical yet of Charley Rosen s many works of fiction nonfiction and reportage on the subject of basketball *Dribbling a Basketball on the Road to Damascus* tells the story of the life of Chazz Klein a power forward and elite scorer who starts at Metropolitan College and ends up on the Knicks by way of the Detroit Pistons Klein loves the game that helped him survive his childhood and find meaning But his awkwardness early in life also stays with him as both love and long lasting meaning elude him except in small doses And yet he does achieve across the journey represented in these pages that rarest of gifts a kind of humility an acceptance of himself and the peace that goes with that Wartime Basketball Douglas Andrew

Stark,2016-05 *Wartime Basketball* tells the story of basketball s survival and development during World War II and how those years profoundly affected the game s growth after the war Prior to World War II basketball professional and collegiate was largely a regional game with different styles played throughout the country Among its many impacts on home front life the war forced pro and amateur leagues to contract and combine rosters to stay competitive At the same time the U S military created base teams made up of top players who found themselves in uniform The war created the opportunity for players from different parts of the country to play with and against each other As a result a more consistent form of

basketball began to take shape The rising popularity of the professional game led to the formation of the World Professional Basketball Tournament WPBT in 1939 The original March Madness the WPBT was played in Chicago for ten years and allowed professional amateur barnstorming and independent teams to compete in a round robin tournament The WPBT included all black and integrated teams in the first instance where all black teams could compete for a world series of basketball against white teams Wartime Basketball describes how the WPBT paved the way for the National Basketball League to integrate in December 1942 five years before Jackie Robinson broke the color barrier in baseball Weaving stories from the court into wartime and home front culture like a finely threaded bounce pass Wartime Basketball sheds light on important developments in the sport s history that have been largely overlooked **Pieces of Perfect** Elizabeth

Hayley,2019-12-06 Jealousy deceit and a whole lot of fun Sexy ex hockey player Max Samson is the bad boy with something to prove Handsome single father Adam Carter is the man most women wait a lifetime for They each take bold and impulsive Lily Hamilton on a journey of self discovery that s woven with jealousy deceit and a whole lot of fun Lily gets a glimpse of two versions of happily ever after but will her own piece of perfect be the bad boy or the nice guy In her quest to have it all she s risking everything and only one thing is certain She ll never be the same *The Rise: Kobe Bryant and the Pursuit of*

Immortality Mike Sielski,2022-01-11 A compelling origin story of a time that really wasn t so long ago but through the lens of tragedy feels like forever Kobe ologists will devour this book reveling in the anecdotes about his intensity the engaging game recaps Associated Press Every superhero needs an origin story Jeff Pearlman The inside look at one of the most captivating and consequential figures in our culture with never before heard interviews Kobe Bryant s death in January 2020 did more than rattle the worlds of sports and celebrity The tragedy of that helicopter crash which also took the life of his daughter Gianna unveiled the full breadth and depth of his influence on our culture and by tracing and telling the oft forgotten and lesser known story of his early life The Rise promises to provide an insight into Kobe that no other analysis has In The Rise readers will travel from the neighborhood streets of Southwest Philadelphia where Kobe s father Joe became a local basketball standout to the Bryant family s isolation in Italy where Kobe spent his formative years to the leafy suburbs of Lower Merion where Kobe s legend was born The story will trace his career and life at Lower Merion he led the Aces to the 1995 96 Pennsylvania state championship a dramatic underdog run for a team with just one star player and the run up to the 1996 NBA draft where Kobe s dream of playing pro basketball culminated in his acquisition by the Los Angeles Lakers In researching and writing The Rise Mike Sielski had a terrific advantage over other writers who have attempted to chronicle Kobe s life access to a series of never before released interviews with him during his senior season and early days in the NBA For a quarter century these tapes and transcripts preserved Kobe s thoughts dreams and goals from his teenage years and they contained insights into and told stories about him that have never been revealed before This is more than a basketball book This is an exploration of the identity and making of an icon and the effect of his development on those around him the

essence of the man before he truly became a man **Sports Geek** Rob Minto,2016-10-20 Sports Geek is a visual and numerical tour through sporting debates and ideas Sport revolves around two things narrative and numbers You need the narrative otherwise why would anyone care about sport Rivalries emotions and sporting legends all require it But sport also needs numbers Without them we have no idea who has won We need numbers to tell which team is top of the table or who is the world champion Teams in all sports use data to create extraordinary analysis of how their players perform to assess tactics and to get an edge over arch rivals but fans are rarely presented with challenging and informative data that would help them to further understand sport You ll never see sport the same way again **A Man's World** Steve Oney,2019-05-15 A collection of 20 profiles of fascinating men by author and magazine writer Steve Oney Written over a 40 year period many are prize winning essays
