

As part of my health promotional plan, I aim to devote a minimum of 210 minutes to physical activities per week. I am usually quite busy with my work and studies; thus, it was decided to divide that time equally between five to seven days of the week so that my training lasts 30-45 minutes. In order to increase the chances of successful habit acquisition, I thought that it would be best to engage in physical activity approximately at the same time every day. In this regard, previous research indicates that there are slightly more benefits to exercise in the mornings as it is associated with a positive mood and increased cognitive capacity throughout the day (Holden, 2020). I think this is the right combination to increase my physical strength, flexibility, stamina, and emotional condition and lose body fatness. For instance, water aerobics can make my muscles stronger, dancing is good for enhancing stamina and creating a positive mood, and yoga can help me to be more flexible. Moreover, cleaning and shopping can significantly reduce my level of stress. However, I would not be able to engage in all of the listed activities in the morning. For example, the dancing classes usually start in the evenings; thus, I will need to schedule them for later in the day.

Such a positive effect of physical activity has already received substantial scientific support. As such, Phillips et al. (2018) assert that exercising is positively associated with the prevention and control of heart disease, cancer, and diabetes, to name a few. Additionally, I expect to lose some weight and have a fitter body. Finally, through physical activity, I want to achieve a healthier state of mind.

Nevertheless, some external and internal factors can negatively affect my efforts to start a more active life. As for the former, my previous attempts to

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
