Classical and Marxian Political Economy Ronald L. Meek, Ian G. Bradley, Michael Charles Howard, 1982 Classical and Marxian Political Economy Ian C. Bradley, M.C. Howard, 1982-03-18 **Studies in the Labor Theory of Value** Ronald L. Meek, 1956 This pioneering survey of the development of the labor theory of value advances Marxian economic categories for contemporary conditions **Physiocracy and Classicism in Britain** Ronald L. Meek, 1951 Economics as Worldly Philosophy R. Blackwell, J. Chatha, E. Nell, 2016-07-27 These essays written by students of Robert Heilbroner develop central themes in his work the importance of historical perspective in economics the connection with the great questions of philosophy and the immediacy of politics They begin by criticizing the rational maximizing foundations of conventional theory finding no place there for history The essays first explore methodology then technology in relation to history the politics inherent in economics and finally turn to the great Classics interpreted in relation to modern questions *Karl Marx and Friedrich Engels* Cecil Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels **Karl Marx and Friedrich Engels (RLE Marxism)** Cecil L. Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels *Historians of Economics and Economic Thought* Steven G Medema, Warren J. Samuels, 2001-08-16 This collection summarizes the work of key historians of economics and attempts to quantify their impact The collection is authored by an impressive list of contributors many of whom are themselves well known in this field **The Hesitant Hand** Steven G. Medema, 2011-03-06 The author explores what has been perhaps the central controversy in modern economics from Adam Smith to today He traces the theory of market failure from the 1840s through the 1950s and subsequent attacks on this view by the Chicago and Virginia schools **Savage Economics** David L. Blaney, Naeem Inayatullah, 2010-01-04 Challenges the powerful and pervasive ideas concerning political economy international relations and ethics in the modern world This title provides a fundamental cultural critique of political economy and critically describes the nature of the mainstream understanding of economics **Divine Providence in Early Modern Economic Thought** Joost Hengstmengel, 2019-05-21 In this important volume Joost Hengstmengel examines the doctrine of divine providence and how it served as explanation and justification in economic debates in the sixteenth seventeenth and eighteenth centuries

throughout Western Europe The author discusses five different areas in which God was associated with the economy international trade division of labour value and price self interest and poverty and inequality Ultimately it is shown that theological ideas continued to influence economic thought beyond the Medieval period and that the science of economics as we know it today has theological origins Interdisciplinary in nature this book will be of interest to advanced students and researchers in the history of economic thought the history of theology philosophy and intellectual history Human Nature, Cultural Diversity, and the French Enlightenment Henry Vyverberg, 1989 In this work Henry Vyverberg traces the evolution and consequences of a crucial idea in French Enlightenment thought the idea of human nature Human nature was commonly seen as a broadly universal unchanging entity though perhaps modifiable by geographical social and historical factors Enlightenment empiricism suggested a degree of cultural diversity that has often been underestimated in studies of the age Evidence here is drawn from Diderot's celebrated Encyclopedia and from a vast range of writing by such Enlightenment notables as Voltaire Rousseau and d'Holbach Vyverberg explains not only the age's undoubted fascination with uniformity in human nature but also its acknowledgment of significant limitations on that uniformity He shows that although the Enlightenment's historical sense was often blinkered by its notions of a uniform human nature there were also cracks in this concept that developed during the Enlightenment itself Inventing Human Science Christopher Fox, Roy Porter, Robert Wokler, 2023-11-15 The human sciences including psychology anthropology and social theory are widely held to have been born during the eighteenth century This first full length English language study of the Enlightenment sciences of humans explores the sources context and effects of this major intellectual development The book argues that the most fundamental inspiration for the Enlightenment was the scientific revolution of the seventeenth century Natural philosophers from Copernicus to Newton had created a magisterial science of nature based on the realization that the physical world operated according to orderly discoverable laws Eighteenth century thinkers sought to cap this achievement with a science of human nature Belief in the existence of laws governing human will and emotion social change and politics economics and medicine suffused the writings of such disparate figures as Hume Kant and Adam Smith and formed the basis of the new sciences A work of remarkable cross disciplinary scholarship this volume illuminates the origins of the human sciences and offers a new view of the Enlightenment that highlights the period's subtle social theory awareness of ambiguity and sympathy for historical and cultural difference The human sciences including psychology anthropology and social theory are widely held to have been born during the eighteenth century This first full length English language study of the Enlightenment sciences of humans explores the sources context **Classical Political Economy** William O. Thweatt, 2013-03-09 William O Thweatt This book is the second in three surveys of the literature in the history of economic thought in the Kluwer Recent Economic Thought series The first book covering the pre classical literature has already been published a third on the neo classical period is planned for 1988 This middle book surveys the writings on classical political economy for the past 30 years or

roughly since the publication of Joseph Schumpeter's 1954 monumental *History of Economic Analysis* Shortly after World War II the American Economic Association sponsored a Survey of Contemporary Economics 1949 That work covered 13 subdisciplines of economics and in 1952 a companion piece appeared in which surveys of 10 additional subdisciplines were presented As Bernard Haley editor of the second volume stated even though in the two volumes twenty three fields have been treated there remain some aspects of the subject that have not been reviewed Haley 1952 p v

The Cambridge Companion to Adam Smith Knud Haakonssen, 2006-02-27 Adam Smith is best known as the founder of scientific economics and as an early proponent of the modern market economy Political economy however was only one part of Smith's comprehensive intellectual system Consisting of a theory of mind and its functions in language arts science and social intercourse Smith's system was a towering contribution to the Scottish Enlightenment His ideas on social intercourse also served as the basis for a moral theory that provided both historical and theoretical accounts of law politics and economics This Companion volume provides an examination of all aspects of Smith's thought Collectively the essays take into account Smith's multiple contexts Scottish British European Atlantic biographical institutional political philosophical and they draw on all of his works including student notes from his lectures Pluralistic in approach the volume provides a contextualist history of Smith as well as direct philosophical engagement with his ideas

Modernisation and Tradition Kerstin Sundberg, 2004-01-01 This anthology is based on a symposium which had as its key issue a critical discussion of different theories of modernisation from the perspective of people's activities in local manorial societies Modernisation can be studied in terms of changing values norms and social relationships From a theoretical point of view the book makes use of the possibility to change main macro conceptions of the modernisation process using dichotomies such as feudal capitalist and individual collective and it also tries to integrate tradition and continuity perspective

John Stuart Mill John Cunningham Wood, 1991

Marx's Rebellion Against Lenin Norman Levine, 2015-10-29 Marx's Rebellion Against Lenin by negating the Leninist Stalinist theory of dialectical materialism and tracing Marx's political philosophy to the Classical Humanism of Aristotle overthrows the stultifying entrapment of Stalinist Bolshevism and contributes to the revitalization of Marx's method
