Roots And Wings:

Roots and Wings of Action Research for Territorial Development Miren Larrea, 2024-11-25 No es solo el contenido académico lo que hace especial a este libro. Es la propia concepción de la investigación y su comunicación lo que le convierte en una obra que va mucho más allá de su especialidad: la investigación acción para el desarrollo territorial. Esta obra colectiva coordinada por la investigadora Miren Larrea hace una apuesta decidida por modificar los patrones clásicos de la comunicación científica en absoluta consonancia con la naturaleza de la investigación que proponen sus autores. El libro incorpora distintos tipos de textos para recoger un diálogo entre investigadores y agentes implicados y favorecer así una escucha mutua. Pero además recurre al multilingüismo para que los autores comuniquen mejor lo que quieren comunicar y a quienes deben comunicárselo. Ambas opciones: diversidad de textos y multilingüismo conectan mundos que deben estar ligados: investigadores y actores en lo territorial, lo local y lo internacional; el idioma con la investigación apegada al territorio y lo teórico con lo aplicado. De este modo los autores velan porque la investigación permee y llegue a su destino natural, pero también porque crezca gracias al intercambio de conocimientos y experiencias que propician. A través de las formas de comunicación elegidas se pone de manifiesto la necesidad de que la investigación social suceda no solo en el ámbito de lo académico y no solo en inglés. Por eso tiene un valor singular incluso para los no especialistas en este tema que hay que agradecer a su editora al conjunto de coautores y a la editorial Elea Giménez Toledo. Investigadora del CSIC

Roots and Wings Stacey York, 2016-06-27 Use the updated activities, examples, and research to improve your anti-bias and multicultural education programs. This clear and practical guide includes expanded information on English language learners, family engagement, culturally responsive teaching, and staff training. Stacey York teaches child development at Rochester Community and Technical College and established E-LECT, a collaborative effort between thirteen Minnesota community and technical colleges to provide e-learning for early childhood teachers.

Practicing Your Path Holly W. Whitcomb, 2004-06-01 An invitation to rebalance your life and regain perspective. *Practicing Your Path* offers seven one-day retreats on the components of classical Christian spirituality: Sabbath, Hospitality, Prayer, and Action. *Fasting, Giving Back to God, Living Into Your Call, and Accountability*. Each chapter includes a structure for a one-day private retreat with flexible options for groups. Includes thoughtful meditations, journaling, or discussion questions, guidelines for use of time, creative ideas for art and ritual, and ideas for longer retreats.

Education for All Robert E. Slavin, 1996-01-01 This work is a collection of previously published articles by Robert Slavin. The articles trace the evolution over a quarter century of the powerful idea that given well-developed, rigorously evaluated methods and materials, teachers can succeed with virtually all children.

Bold Plans for School Restructuring Samuel C. Stringfield, Steven M. Ross, Lana Smith, 2012-11-12 Two powerful forces are driving American demands for better schools: one longstanding force is idealistic, and the other is new and economic. The current

group of young Americans is in danger of being the first full generation to consistently make less money and enjoy fewer worldly rewards than their parents. The intersection of idealistic and pragmatic forces has produced an era of calls for reform in U.S. education that is unparalleled. Calls that have resulted in the creation of the New American Schools Development Corporation (NASDC). The chapters in this book highlight the path traveled by NASDC, a private non-profit corporation charged with creating new, break-the-mold school designs for the 21st century and describes the first three years' accomplishments of nine NASDC development teams.

Couple Burnout Ayala Pines, 2013-12-19. *Couple Burnout* Ayala Pines offers a unique model to combat relationship burnout by describing the phenomenon of couples burnout, its causes, danger signs, and symptoms, and the most effective strategies therapists can use. Distinguishing burnout from problems caused by clinical depression or other pathologies, Pines combines three major clinical perspectives that are used by couple therapists: psychodynamic systems and behavioral with additional approaches that focus attention on the social psychological perspective and existential perspective to couples problems. *Publication*, 1991.

Social Programs that Work Jonathan Crane, 1998-05-07. Many Americans seem convinced that government programs designed to help the poor have failed. *Social Programs That Work* shows that this is not true. Many programs have demonstrably improved the lives of people trapped at the bottom of the social and economic ladder. *Social Programs That Work* provides an in-depth look at some of the nation's best interventions over the past few decades and considers their potential for national expansion. Examined here are programs designed to improve children's reading skills, curb juvenile delinquency and substance abuse, and move people off welfare into the workforce. Each contributor discusses the design and implementation of a particular program and assesses how well particular goals were met. Among the critical issues addressed: Are good results permanent or do they fade over time? Can they be replicated successfully under varied conditions? Are programs cost-effective, and if so, are the benefits seen immediately or only over the long term? How can public support be garnered for a large upfront investment whose returns may not be apparent for years? Some programs discussed in this volume were implemented only on a small experimental scale, prompting discussion of their viability at the national level. An important concern for social policy is whether one-shot programs can lead to permanent results. Early interventions may be extremely effective at reducing future criminal behavior, as shown by the results of the High Scope Perry preschool program. Evidence from the Life Skills Training Program suggests that a combination of initial intervention and occasional booster sessions can be an inexpensive and successful approach to reducing adolescent substance abuse. *Social Programs That Work* also acknowledges that simply placing welfare recipients in jobs isn't enough; they will also need long-term support to maintain those jobs. The successes and failures of social policy over the last thirty-five years have given us valuable feedback about the design of successful social policy. *Social Programs That Work* represents a landmark attempt to use social science criteria to identify and strengthen the programs most likely to make a real difference in addressing the nation's social ills.
