Royal Enfield Gear Manual:

Royal Enfield Greg Pullen, 2021-04-26 Royal Enfield's famous motor made like a gun hints at the factory's origins but few appreciate that it is the oldest motorcycle manufacturer in existence that can boast of continuous production. In addition, its famous Bullet can claim the longest motorcycle production run of all time. Greg Pullen charts the rise, fall, and rise again of Royal Enfield from the company's pre-motorcycle beginnings in Redditch through the impact of two World Wars, the importance of exports to India, and subsequent establishment of factories there to changes in ownership recently launched models and new concept bikes for the future. With 190 colour photographs, this book includes the V-twins from the 1930s K and KX range to a glimpse of the concept V-twin shown in 2018, the singles from 2-strokes to side-valve 4-strokes and the ohv version that first used the Bullet name through to the new singles built in India. The British Bullet's arrival in 1948 and production in the UK, the original orders from India, and subsequent setting up of production there are discussed. The 250s 1958-68, including the Turbo Twins and the big twins from the 1948 500 Town to the final interceptor in 1970, including the 800cc prototype and the Clymer Indians, are covered. The new twins, the 650cc Royal Enfield interceptor and Continental GT twins, and the Bobber concept bike are discussed. Competition success is covered with notable ISDT achievements, star rider Johnny Brittain, and racing the big twins and Geoff Duke in the GP5. Finally, the British factories and the new opportunities with the Indian factories are remembered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
