the roads to acquire new wealth well they can't be any more wrong. It is having the mindset of the wealthy that will make you rich. That is why many lotto winners who become instant millionaires lose most of their money because they don't have the proper mindset to maintain or grow their money. You'll discover why some of your money beliefs might be wrong and that could be holding you back. You need to consider what are the principles and what behaviors the rich have that you do not have. Yet Laura Maya takes this idea and breaks it into twelve chapters. You wouldn't find a recipe to turn rich overnight. Rather, the book provides a solid foundation for setting the psychological stage for strong financial habits. Another feature of the book is that they don't teach you how to get rich at school; instead, they use anecdotal references. Laura likes to use lots of anecdotes to illustrate her points, and she is quite good at it.
