This innovative text focuses on controversies and questions rather than on assimilating facts or creating a single correct view about aging or older people. Drawing on their extensive expertise, authors Harry R. Moody and Jennifer R. Sasser first provide an overview of aging in three domains: aging over the life course, health care, and socioeconomic trends. Each section then includes data and conceptual frameworks helping students to make sense of the controversies and understand their origin, engage in critical thinking, and develop their own views. The Tenth Edition of this hallmark textbook includes amplified discussions focused on differences, diversity, structural inequalities, and inclusion, as well as contemporary issues including climate change and immigration. Included with this title is the password-protected Instructor Resource Site, formally known as SAGE Edge, which offers access to all text-specific resources, including a test bank and editable chapter-specific PowerPoint slides.

Respecting Congregations Clyde Ervine, 2025-05-22 Across North America, congregations and their leaders are experiencing unprecedented anxiety. Despite the many organizational and growth strategies offered to congregational leaders over the last five decades, few congregations are growing, and most are coping with numerical decline. With fewer people attending worship and fewer students offering themselves for ordination, at least in mainline denominations, many Christians worry that the church across the continent is in the process of dying. While Ervine's book may not offer swift solutions, it does offer hope. Fearful congregations and their leaders are invited to set the search for quick fix solutions aside and instead take the time to discover and then respect the identity, purpose, and ministry priorities that the New Testament provides to congregations. This book is written in the conviction that clarity about their in-Christ identity, their purpose in God's ongoing mission, and what is essential to their ministry will give congregations new confidence to offer Christian witness rooted in biblical teaching while respecting twenty-first century cultural realities.
