Colorful Tales of Transformation and Tattoos A. R. Morlan, 2013-07-30 The author says The stories in this collection are an outgrowth of my lamentable childhood as well as a reflection of those things in life which I found fascinating in that they could mentally take me away from the horror of my daily life and at least on the level of imagination offer me something

worth waking up each morning for Thus the universes in this collection center around outsiders artists and freaks be they natural born or self made some of the stories are interconnected but also designed to stand alone I ve included afterwords for each to shine additional light on both the works and their cultural personal inspirations But more than a collection to me this volume is a glimpse into my creative soul and as such it may not be perfect it might not even be logical but it is what I am love it or hate it Six cutting edge stories of a bizarre near future America a mix of strange cultures and curious characters featuring tattoo artists origami masters Irezumi the De Novo Shinkansen Qatmandude and the Blue Moon Roach Hotel

Origami Masters: Bugs ,2013-09-15 DIVIn the early 1990s members of the Origami Tanteidan Convention in Japan began a unique competition devoted to insects and other arthropods as over a period of years artists attempted to one up each other successively adding legs antennae wings and more Each year the models became increasingly complex as origami enthusiasts from around the world joined the fray Beetles became winged beetles Winged beetles became winged spotted beetles And so on Models went from 30 or 40 steps to hundreds of steps As a result origami artists developed a range of design techniques that ultimately changed the entire art of origami folding Bugs continue today to be a favorite subject for origami artists and this book both describes the original challenges that stretched the art and also includes 12 original contemporary bugs including one master level project designed by some of the most talented origami artists today from around the world with detailed step by step instructions to make them div **Origami 5** Patsy Wang-Iverson,2016-04-19 Origami5 continues in the excellent tradition of its four previous incarnations documenting work presented at an extraordinary series of meetings that explored the connections between origami mathematics science technology education and other academic fields The fifth such meeting 5OSME July 13 17 2010 Singapore Management University fol
