Alexander White, 2013. The Panasonic Lumix DMC LX7 has earned a reputation as one of the first choices for photographers who want an advanced camera they can carry around with them to capture great images without the complication and weight of a DSLR or other large camera. With features such as a very fast lens with an aperture of f/1.4, excellent image quality and a solid array of burst shooting capabilities, this compact camera has attracted an enthusiastic following in the photography community.
