Rotorcraft Flight Manual

100

Table 10 of the *Code of Federal Regulations* (49 CFR) part 25 requires other compliance with the operating institution, specified as approved educational flight schools, airports, and aircraft. Originally, flight schools were often characterized by a lack of essential information and historical reference format and content for institutional record keeping. This changed with the acceptance of the General Aviation Information Association (GAIA) specification for a Pilot's Operating Handbook, which established a standardized format for all general aviation aircraft and aircraft flight records. The term Pilot's Operating Handbook (POH) is often used in place of *Manufacturer's Flight Manual* (MFM).
