Selected Letters of Raymond Chandler Raymond Chandler, 1981 I don't know why the hell I write so many letters Raymond Chandler once mused to a correspondent I guess my mind is just too active for its own good In the seven novels from *The Big Sleep* 1939 to *Playback* 1958 and in a handful of short stories Raymond Chandler recorded a vision of Southern California life sparked by acerbic observations on every level of coast society from drug dealers and crooked cops to heiresses But Chandler's gifts of observation and analysis extended well past the streets alleyways roadhouses and stately homes that made up the world of his detective hero Phillip Marlowe Brought together in this volume are some of the hundreds of letters Chandler wrote many of them composed during long insomniac nights Chandler commented on all that he saw around him from his own personal foibles to the works of his contemporaries Ernest Hemingway and Edmund Wilson to education English society and world events Acute sometimes impassioned often witty the *Selected Letters of Raymond Chandler* contains lively anecdotes of Hollywood critical dissections of his fellow writers of detective fiction lengthy discussions of the art of writing and of his own fiction and above all amused sometimes outraged glimpses of the Southern California society that was his inspiration Chandler once wrote that in letters I sometimes seem to have been more penetrating than in any other kind of writing But his letters could also be combative as when he wrote to an editor at the Atlantic that when I split an infinitive God damn it I intend that it should stay split or

dismissive as when he said of James M Cain that everything he writes smells like a billy goat He could also be painfully revealing as when he wrote of his despair over the death of his wife It was my great and now useless regret Chandler confessed that I never wrote anything really worthy her attention no book that I could dedicate to her Lively entertaining and sometimes touching these letters fully present for the first time the complex sensibilities of a man who was one of America s greatest writers of detective novels and one of its most astute observers

Dirk Van Hulle,2022-02-24 In Genetic Criticism Dirk Van Hulle introduces the study of creative processes to an Anglophone audience As a method in the study of literary writing processes genetic criticism is also a reading strategy The idea behind this book is to introduce this strategy to a broader audience from interested readers and graduate students to early career researchers and literary critics In literary studies it is often obvious that a particular work somehow seems to hit a nerve but more challenging to pinpoint exactly why it works This book therefore starts from a clear basic assumption knowing how something was made can help us understand how and why it works This strategy is at the basis of many disciplines including art history By means of X ray technology or hyperspectral imaging it is possible to look at a painting as a multilayered object with not only spatial dimensions but also a temporal one This temporal dimension is the core of the reading strategy introduced in this book Note books marginalia manuscripts and typescripts even if one works with scans give a concrete dimension to literature which is a helpful reading strategy for many students On the one hand this involves concrete transferrable skills such as aspects of transcription and digital scholarly editing On the other hand it also involves more abstract theoretical issues relating to matters of authorship collaboration authority agency intention and intertextuality
