

The background of the cover is a detailed illustration of a molecular lattice, likely diamond or silicon, with grey spheres representing atoms and blue rods representing bonds. Scattered across this lattice are several translucent, glowing spheres. One large red sphere is prominent in the center-left, with a smaller red one to its right. Several yellow spheres are also visible, some appearing to be part of the lattice structure and others floating nearby. The overall lighting is dramatic, with highlights on the spheres and deep shadows in the lattice.
