Reclamation Murder At The Beach:

The Death of Old Yokohama Otis Poole, 2010-10-18 It was almost noon in the picturesque city of Yokohama on Saturday September 1st 1923 when the first sway of one of the world's most destructive earthquakes was felt The first great shock lasted for four minutes and in that time every building in the city was destroyed together with 100 000 of its Japanese inhabitants and one eighth of its foreign community Other shocks followed and then fire which swept through the ruins with hurricane speed suffocating and burning to death thousands trapped in wreckage or trying to flee A first hand account of the disaster told by a survivor this accurate and authentic account was written immediately after the earthquake and is here published with only minor additions and corrections **A Fine Thing Murder** , Death Watch Jim Kelly, 2010-05-25 Ever since the days of Agatha Christie the great divide in the British detective story has been between plot and character The novels of Jim Kelly are a find The New York Times Book Review Rookie detective Peter Shaw teams up with his father's tough ex partner to investigate both a gruesome series of present day murders and some unfinished business from the past in Death Watch the second book in the Detective Shaw Mystery series **Reclaiming History** Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all
