

Report Card Comments (& helpful hints)

Helpful Hints for Parent-Teacher Conferences

- sit next to the parents, not across from them
- start with a positive comment
- provide a suggestion for reinforcement or further work at home
- short, sweet and simple is the way to go (avoid educational jargon)
- LISTEN to the parents and their concerns
- end on time (commit to another conference or phone conference to avoid going over the allotted time)

Writing Effective Report Card Comments Susan Shafer, 1997 At last here is a practical book that gathers time saving tips from teachers on writing effective report card comments Packed with advice this resource will help you collect assessment information easily and describe your students performances clearly and constructively You ll find handy lists of phrases that encourage children words to avoid and concise advice on how to prompt parents to support learning at home Book jacket *Writing Effective Report Card Comments* Kathy Dickenson Crane, 2007-08 Thoughtful and constructive report card comments can improve parent teacher communication and student performance Each book features hundreds of ready to use comments in a variety of specific areas in academic performance and personal development General messages are also included as well as a robust list of helpful words and phrases **The Other Side of the Report Card** Maurice J. Elias, Joseph J. Ferrito, Dominic C. Moceris, 2015-12-14 To better serve the whole child look at the whole report card Although parents and teachers spend more time in conferences talking about behavior than they do about rubrics and test scores too many teachers are still guessing when it comes to using outdated behavior ratings and comments to describe the whole child With this book you ll take report cards to the next level integrating social emotional learning and character development into any grading system Resources include Guided exercises for analyzing existing report cards Suggested report card designs Tips on improving teacher parent communication Case studies Testimonials from teachers and students *Resources in Education*, 1999 Easy and Effective Ways to Communicate with Parents Barbara Mariconda, 2003-03 A veteran teacher provides surefire tips on how parent teacher communication can work for everyone **Increasing Language Skills of Students from Low-Income Backgrounds** Celeste Roseberry-McKibbin, 2010-10-26 *The Quest for Meaning*, 2009-01-01 The Quest for Meaning Teaching Learning and the Arts presents a narrative arts based approach to pedagogy and research in higher education Through narratives of experience the book offers revealing poignant examples of the transformative power of the arts and of narrative inquiry in learners lives and of the centrality of story in their ongoing quest for meaning The Quest for Meaning will be valuable in a wide range of graduate and undergraduate settings It provides a framework for the development of new pedagogies which integrate the theory and practice of narrative arts based approaches to education The work makes a contribution to the fields of narrative and arts based inquiry and pedagogy qualitative research methods holistic and integrated studies and self directed inquiry It will appeal to a range of audiences who are interested in this creative integrative approach to education and who want to gain insights into how students learn from their own unique perspectives Grounded in Dr Beattie s interconnected approach to research and pedagogy the book begins with her own story of teaching learning research and the arts This provides the backdrop to an account of a collaborative pedagogy designed to enable students to conduct in depth narrative inquiries into their lives and to learn how to do narrative arts based research with others The author provides insights into the practices and processes of solitary and

collaborative inquiry and the interaction and integration that take place within the three kinds of dialogue she proposes the dialogue with the self the dialogue with others and the dialogue between the dialogues The book's other twelve narratives show from learners' unique perspectives how the creation and re-creation of their ways of knowing and being is a distinctively individual process involving all aspects of their humanity Individually these narratives provide valuable glimpses into the challenges the joys the frustrations and emotionality and the important personal satisfactions involved in the processes of learning unlearning and re-learning In their own voices these learners tell of the diverse ways in which they became more responsive to their own inner lives to the perspectives and understandings of others and to the creation of more meaningful narratives for their current and future lives Collectively the narratives highlight the importance of recognizing personal experience in settings of higher education They also present compelling evidence for acknowledging the significance of inquiry creativity imagination dialogue interaction and integration in enabling learners to bring the whole of their being to the learning process to the exploration of the stories by which they live and to the creation of new narratives for their future lives

Giving Students a Say Myron Dueck, 2021-01-26 Assessment is an essential part of teaching and learning but too often it leads to misleading conclusions sometimes with dire consequences for students How can educators improve assessment practices so that the results are accurate meaningful informative and fair Educator and best-selling author Myron Dueck draws from his firsthand experience and his work with districts around the world to provide a simple but profound answer put student voice and choice at the center of the process In this engaging and well-researched book Dueck reveals troubling issues related to traditional approaches and offers numerous examples of educators at all levels who are transforming assessment by using tools and methods that engage and empower students He also shares surprising revelations about the nature of memory and learning that speak to the need for rethinking how we measure student understanding and achievement Readers will find sound advice and detailed guidance on how to Share and co-create precise learning targets Develop student-friendly rubrics linked to standards Involve students in ongoing assessment procedures Replace flawed grading systems with ones that better reflect what students know and can do and Design structures for students self-reporting on their progress in learning Inspired by the origins of the word assessment derived from the Latin *for to sit beside* Dueck urges educators to discard old habits and instead work with students as partners in assessment For those who do the effort is rewarding and the benefits are significant
