**The end of the experiment?** Mick Moran,Andrew Bowman,Julie Froud,Sukhdev Johal,John Law,Adam Leaver,Karel Williams,2014-05-31 For thirty years the British economy has repeated the same old experiment of subjecting everything to competition and market because that is what works in the imagination of central government This book demonstrates the repeated failure of that experiment by detailed examination of three sectors broadband food supply and retail banking The book argues for a new experiment in social licensing whereby the right to trade in foundational activities would be dependent on the discharge of social obligations in the form of sourcing training and living wages Written by a team of researchers and policy advocates based at the Centre for Research on Socio Cultural Change this book combines rigour and readability and will be relevant to practitioners policy makers academics and engaged citizens

Planning and Design for Sustainable Urban Mobility Un-Habitat,2013-10-30 Urban transport systems worldwide are faced by a multitude of challenges Among the most visible of these are the traffic gridlocks experienced on city roads and highways all over the world The prescribed solution to transport problems in most cities has thus been to build more infrastructures for cars with a limited number of cities improving public transport systems in a sustainable manner However a number of challenges faced by urban transport systems such as

greenhouse gas emissions noise and air pollution and road traffic accidents do not necessarily get solved by the construction of new infrastructure Planning and Design for Sustainable Urban Mobility argues that the development of sustainable urban transport systems requires a conceptual leap The purpose of transportation and mobility is to gain access to destinations activities services and goods Thus access is the ultimate objective of transportation As a result urban planning and design should focus on how to bring people and places together by creating cities that focus on accessibility rather than simply increasing the length of urban transport infrastructure or increasing the movement of people or goods Urban form and the functionality of the city are therefore a major focus of this report which highlights the importance of integrated land use and transport planning This new report of the United Nations Human Settlements Programme UN Habitat the world's leading authority on urban issues provides some thought provoking insights and policy recommendations on how to plan and design sustainable urban mobility systems The Global Report on Human Settlements is the most authoritative and up to date global assessment of human settlements conditions and trends Preceding issues of the report have addressed such topics as Cities in a Globalizing World The Challenge of Slums Financing Urban Shelter Enhancing Urban Safety and Security Planning Sustainable Cities and Cities and Climate Change Taxation and Social Policy Andy Lymer, Margaret May, Adrian Sinfield, 2023-05-31 This book covers key interactions debates and challenges of tax and social policy and examines how analyses might be combined and policy options developed for effective delivery in both areas **The Civil Corporation** Simon Zadek, 2007 First Published in 2007 Routledge is an imprint of Taylor Francis an informa company The Gulf Cooperation Council at Forty Tarik M. Yousef, Adel Abdel Ghafar, 2023-02-22 All of the GCC countries Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates are undergoing historic socio economic transitions They are facing enormous strains on public finances and challenging economic outlooks due to fluctuating oil prices demographic pressures high unemployment rates and a lack of economic diversification These countries also are likely to feel the rising impact of climate change and global policies to deal with it over the coming decades In addition seemingly unstoppable shifts in the long standing international order notably the rise of China and uncertainties about U S leadership have potentially serious implications for the Middle East and beyond This by noted scholars and experts considers the key trends shaping Gulf Cooperation Council GCC countries Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirate ranging from the COVID 19 pandemic to climate change economic disruptions demographics and other domestic concerns and shifts in the global order The book's chapters address such questions as How will global megatrends impact the GCC How can GCC states adjust and diversify their economies to meet the dual challenges of fluctuating oil prices and climate change How can these states adjust their labor markets to absorb and support women and youth How will inter GCC disagreements impact the region moving forward And how will GCC relations with international actors shift in the coming years This timely book with its comprehensive analyses and policy recommendations will be of interest to a wide range of readers interested in the GCC
