Muslim Fathers and Mistrusted Masculinity in Danish Schools Anne Hovgaard Jørgensen,2023-03-16 This book seeks to provide a deeper understanding of Muslim migrant fathers experiences of home school cooperation in Danish schools by identifying and contradicting a phenomenon of mistrusted masculinity This term refers to a negative

stereotype of Muslim migrant men that figures in political and media rhetoric where they are portrayed as controlling and patriarchal. Throughout the ethnography, migrant fathers confront this stereotype and express how they must navigate around this negative image in their struggle to be acknowledged as good fathers by their children's schools. Jørgensen uses Geertzian thick description of micro interaction between fathers and Danish teachers to explore the complex interplay of often untested assumptions, misunderstandings, and untoward effects.

Locating Values in Literature Corina-Mihaela Beleaua, 2020-10-14

Locating Values in Literature: Goodness, Beauty, and Truth discusses the relevance of literature in the current educational process, stating that regardless of the level of study, literature provides students with the necessary skills to address real-world situations. Corina Mihaela Beleaua posits that a curriculum that includes literature has a multitude of benefits for the mental and ethical development of students, defending the relevance of the three ancient values of goodness, beauty, and truth. Beleaua argues that literature is a significant tool for endorsing these transcendentals and actualizing their positive potentials as humanistic and moral values, acting as a symbolic manifestation of moral values that will impact readers outside of the scope of the literature itself. Scholars of literature, philosophy, and education will find this book particularly useful.
