Krasny,2005 **The Story of Silly Putty, How It Works.** Steven L Smith,2022-08-22 In 1943 Silly Putty was accidentally produced by James Wright an engineer in General Electric s New Haven laboratory which was under a government contract to manufacture an economical alternative for synthetic rubber for the war effort By mixing boric acid with silicone oil a polymer evolved that would stretch and bounce further than rubber even at severe temperatures In addition the material would replicate any newspaper or comic book print that it touched There is substantial controversy about who obtained the initial patent Corning Glass Works who was also exploring a replacement for rubber sought for a patent in 1943 and got it in 1947 for treating dimethyl silicone polymer with boric oxide Wright filed for his patent in 1944 In any instance Wright is still formally credited with the invention By 1945 General Electric GE had shared this finding with experts throughout the globe only to find that none of them including those at the U S War Production Board deemed it more practicable than the synthetic rubber currently then being made Several years later an unemployed

copywriter called Peter Hodgson realized its marketing potential as a children's toy after initially seeing it sold at a local toy shop as an adult present. Hodgson obtained the manufacturing rights from GE and renamed it Silly Putty, packaging it in plastic eggs since Easter was on the way. **Field and Stream**, 1982 **IRSG Forum 1996** International Rubber Forum, International Rubber Study Group, 1996 **Silly Putty**, Features the history of Silly Putty, a children's toy that was invented by James Wright during World War II in the laboratories of General Electric in Connecticut. New Haven presented as part of the Invention Dimension resource of the Massachusetts Institute of Technology. MIT Explains that it was only after its success as a toy that practical uses were found for Silly Putty: Notes that it picks up dirt, lint, and pet hair and can stabilize wobbly furniture. **Natural Rubber and You** Natural Rubber Bureau, 1951 Natural Rubber and You. [With Illustrations.]. Natural Rubber Bureau (UNITED STATES OF AMERICA), 1951 *What Every Engineer Should Know about Rubber* W. J. S. Nanton, 1954
