Ryming Simile Poem:

A Creative Approach to Teaching Rhythm and Rhyme Andy Croft, 2015-04-23 The content of this book is based on the Andy Croft's experience of working with children in over 400 UK schools and will provide teachers with ideas, games, examples and models that they can use in the classroom to encourage their children to become writers and readers through the practice of rhyme and rhythm. He strongly believes that you don't have to be good at English to be able to enjoy the music of ordinary speech. Using rhythm and rhyme is a democratic creative act that is equally hard and equally easy for everyone. It has special rules which won't let you reach for the first word that comes into your head. Your words have to fit the pattern. You don't have to write anything down but you do have to become a writer. And once you have become a writer you might become a reader.

Making 'Metaphor Poems' by Simile and Rhyme Leland Jamieson, 2009-06 Leland Jamieson, poet and author of two collections of poetry *21ST CENTURY BREAD* and *IN VITRO* lives and writes in East Hampton, CT. Because budgets for the arts are always tight and many schools lack a Poet in the Schools Program, Jamieson has written a 42-page guide for high school teachers that addresses this lack in a creative participatory manner. For schools that do have the program, Jamieson's guide makes a strong follow-up. Moreover, it carries poetry-making to a new level through its teacher-directed student-generated discovery of simile and metaphor by Reverse Rhyming Out of this, students evolve rich figures of speech which they own in poems they craft with natural unforced rhyme. The guide reprints from the author's first book 16 poems with broad appeal to teens. It identifies similes and metaphors found in each. As a bonus, it models for the high school teacher how to win over students resistant to poetry so they become active participants.
