Principles and Methods of Social Research William D. Crano, Marilynn B. Brewer, Andrew Lac, 2005-07-18 An extensive revision this classic text presents the most recent advances in social research design and methodology The authors thoroughly describe the research process using methods derived from basic principles of scientific inquiry and demonstrate how they apply to the study of human behavior These applications make it an indispensable resource for all fields of human social research particularly communication psychology public health and marketing With a heavy emphasis on reliability and validity the book considers experimental quasi experimental and survey research designs in light of these qualities Principles and Methods of Social Research is noted for its emphasis on understanding the principles that govern the use of a method to facilitate the researcher's choice of the proper methodological approach use of the laboratory experiment as a point of reference for describing and evaluating field experiments correlational designs quasi experiments and survey designs and unique chapter on the ethics of social research including the power a researcher wields and tips on how to use it responsibly Highlights of the thoroughly expanded and updated edition include new chapters on meta analysis and social cognition methods the latest on experimental operations and procedures such as implicit measures simulations and Internet experiments expanded coverage of conducting experiments outside of the lab including conducting experiments on the Web and on applied evaluation research methods including efficacy and effectiveness research Intended as a text for upper level and graduate courses in research methods in social psychology the social sciences communications and public health research No previous methods courses are required

Islamic Wealth Taxation and Financing Public Health Lyla Latif, 2023-11-25 Islamic Wealth Taxation and Financing Public Health is an eye opening and thought provoking book that boldly explores new possibilities for funding public health initiatives in countries where Islam isn't the predominant religion In this case Kenya serves as the focal point Written by a Pan African Muslim woman this book is a must read for anyone curious about innovative ways to improve public health without overburdening taxpayers The author delves into the concept of zakat an Islamic wealth tax and investigates how it could be used as a source of revenue to boost public health in non Islamic states like Kenya By shedding light on the inner workings of the Kenyan legal system the book highlights the

importance of understanding local power dynamics cultural and religious beliefs and political structures when examining legal issues It s a fascinating look at how different legal frameworks can come together to tackle complex challenges which brings together insights from human rights law Islamic law and constitutional law showcasing the potential for interdisciplinary collaboration in solving real world problems One of the reasons this book is so timely and important is its alignment with global development goals such as the United Nations Sustainable Development Goals SDGs the African Union Agenda 2063 and National Development Plans These initiatives all emphasise the need for countries to find new local funding sources without overtaxing their citizens Exploring zakat as a potential solution in Kenya is particularly interesting given the country s influence in East Africa and the potential impact of such a development in the region
