Pastiche Ingeborg Hoesterey, 2001-04-22 95 s 15 50 Contents A Discourse History of Pasticcio and Pastiche Pastiche in the Visual Arts Cinematic Pastiche Literary Pastiche Pastiche Culture beyond High and Low Advertising Narratives MTV Performance Styles Coda *Identity and Cultural Memory in the Fiction of A. S. Byatt* L. Steveker, 2015-12-11 This book provides innovative readings of the key texts of A S Byatt s oeuvre by analysing the negotiations of individual identity cultural memory and literature which inform Byatt s novels Steveker explores the concepts of identity constructed in the novels showing them to be deeply rooted in British literary history and cultural memory *The Palgrave Handbook of Literary Memory Studies* Lucy Bond, Susannah Radstone, Jessica Rapson, 2025-05-23 This handbook offers a comprehensive overview of the connections between memory and literature Organized into six interrelated sections the book explores both the value of approaches and concepts from literary studies for memory scholarship and the plurality of ways in which literature can advance theories of memory Chapters cover reading and writing memory and literature remediations and intersections local and global cultures postcolonial and decolonial approaches environmental and more than human memory and literature and law and justice It offers an indispensable resource for students and scholars of both literary and memory studies *Cinema, Memory, Modernity* Russell J.A. Kilbourn, 2013-10-18 Since its inception cinema has evolved into not merely a reflection but an indispensable index of human experience especially our experience of time s passage of the present moment and most importantly perhaps of the past in both collective and individual terms In this volume Kilbourn provides a comparative theorization of the representation of memory in both mainstream Hollywood and international art cinema within an increasingly transnational context of production and reception Focusing on European North and South American and Asian films Kilbourn reads cinema as providing the viewer with not only the content and form of memory but also with its own directions for use the required codes and conventions for understanding and implementing this crucial prosthetic technology an art of memory for the twentieth century and beyond **Fairy Tales in Contemporary American Culture** Kate Christine Moore Koppy, 2021-02-22 In the twenty first century American culture is experiencing a profound shift toward pluralism and secularization In *Fairy Tales in Contemporary American Culture* How We Hate to Love Them Kate Koppy argues that the increasing popularity and presence of fairy tales within American culture is both indicative of and contributing to this shift By analyzing contemporary fairy tale texts as both new versions in a particular tale type and as wholly new fairy tale pastiches Koppy shows that fairy tales have become a key part of American secular scripture a corpus of shared stories that work to maintain a sense of community among diverse audiences in the United States as much as biblical scripture and associated texts used to *History and Poetics of Intertextuality* Marko Juvan, 2008 The poetics of intertextuality proposed in this book based mainly on semiotics elucidates factors determining the socio historically elusive border between general intertextuality and citationality and explores modes of intertextual representation Exhibiting

Slavery Vivian Nun Halloran, 2009-10-23 Exhibiting Slavery examines the ways in which Caribbean postmodern historical novels about slavery written in Spanish English and French function as virtual museums simultaneously showcasing and curating a collection of primary documents within their pages As Vivian Nun Halloran attests these novels highlight narrative objects extraneous to their plot such as excerpts from the work of earlier writers allusions to specific works of art the uniforms of maroon armies assembled in preparation of a military offensive and accounts of slavery's negative impact on the traditional family unit in Africa or the United States In doing so they demand that their readers go beyond the pages of the books to sort out fact from fiction and consider what relationship these featured objects have to slavery and to contemporary life The self-referential function of these texts produces a museum effect that simultaneously teaches and entertains their readers prompting them to continue their own research beyond and outside the text *Orhan Pamuk, Secularism and Blasphemy* Erdag Göknar, 2013-02-15 Orhan Pamuk *Secularism and Blasphemy* is the first critical study of all of Pamuk's novels including the early untranslated work In 2005 Orhan Pamuk was charged with insulting Turkishness under Article 301 of the Turkish penal code Eighteen months later he was awarded the Nobel Prize After decades of criticism for wielding a depoliticized pen Pamuk was cast as a dissident through his trial an event that underscored his transformation from national literateur to global author By contextualizing Pamuk's fiction into the Turkish tradition and by defining the literary and political intersections of his work Orhan Pamuk *Secularism and Blasphemy* rereads Pamuk's dissidence as a factor of the form of his novels This is not a traditional study of literature but a book that turns to literature to ask larger questions about recent transformations in Turkish history identity modernity and collective memory As a corrective to common misreadings of Pamuk's work in its international reception Orhan Pamuk *Secularism and Blasphemy* applies various analytical lenses to the politics of the Turkish novel including gender studies cultural translation historiography and Islam The book argues that modern literature that confronts representations of the nation state or devlet with those of Ottoman Islamic and Sufi contexts or din constitute secular blasphemies that redefine the politics of the Turkish novel Concluding with a meditation on conditions of untranslatability in Turkish literature this study provides a comprehensive and critical analysis of Pamuk's novels to date **Sustaining Fictions** Lesleigh Cushing Stahlberg, 2009-05-01 Even before the biblical canon became fixed writers have revisited and reworked its stories The author of Joshua takes the haphazard settlement of Israel recorded in the Book of Judges and retells it as an orderly military conquest The writer of Chronicles expurgates the David cycle in Samuel I and II offering an upright and virtuous king devoid of baser instincts This literary phenomenon is not contained to inner biblical exegesis Once the telling becomes known the retellings begin through the New Testament rabbinic midrash medieval mystery plays medieval and Renaissance poetry nineteenth century novels and contemporary literature writers of the Western world have continued to occupy themselves with the biblical canon However there exists no adequate vocabulary academic or popular religious or secular literary or theological to describe the recurring appearances of canonical figures

and motifs in later literature Literary critics bible scholars and book reviewers alike seek recourse in words like adaptation allusion echo imitation and influence to describe what the author for lack of better terms has come to call retellings or recastings Although none of these designations rings false none approaches precision They do not tell us what the author of a novel or poem has done with a biblical figure do not signal how this newly recast figure is different from other recastings of it and do not offer any indication of why these transformations have occurred Sustaining Fictions sets out to redress this problem considering the viability of the vocabularies of literary midrashic and translation theory for speaking about retelling

An Education in Sexuality and Sociality Frank G. Karioris, 2020-07-07 While hook up culture on university campuses represents a part of the story it is only part of the story It is important to add to this and investigate the way the university itself brokers and seeks out specific forms of sexuality sex and connection amongst students This book sheds light on how the university as an institution endorses certain forms of sociality sexuality and coupling while excluding others Building on extensive ethnographic fieldwork this book furthers the discussion on the impact these institutional measures have on students and how students work through and around them while simultaneously establishing relations outside of and beyond hooking up
