

BUILDING A STRONG CREDIT RATING

Your Credit Score

Building a strong credit score is an important part of personal financial planning.

Credit Report

A summary of your credit history is used to calculate your credit score, and is one of the factors lenders use.

Credit Score

A 3-digit number that shows how well you manage credit and how likely it would be for a lender to lend you money.

Mortgage applications

Renting an apartment

Car payments

Job applications

Credit scores can affect:

Factors used to calculate your credit score

30% Used vs. Available Credit

The less you use of your total available credit each month, the better. Your score can suffer if you get close to maxing out all your credit capacity even if you're making payments on time.

35% Payment History

Making payments on time benefits your score.

5-7% Length of Credit History

A longer history of good credit habits improves your score.

10-12% New Credit

Opening new credit cards has a short-term negative effect on your score.

15% Types of Credit

A mix of credit types (credit cards, loans, mortgages, car loans) benefits your score.

Credit Score Factors

Financial institutions look at your credit report and credit score to make decisions around lending.

<550

A low score means you could be denied a loan or credit card.

550 - 720

You may still qualify for a loan or credit, but you may get charged a higher interest rate.

720+

A higher score is better to secure credit at a more favorable rate.

Payment Plan And Credit Score:

The Complete Idiot's Guide to Improving Your Credit Score Lita Epstein, Lita, MBA Epstein, 2007 Consumers have known about credit reports for a long time we are well aware that lenders rely on them to determine whether they want to do business with us Any time we want to buy a house rent an apartment or take out a loan it is a safe assumption that one or several reporting agencies are going to be contacted to provide our credit history But we don't always realize that there is a single element on that report that determines success or failure and that is a three digit number called a credit score Created by Fair Isaac and Company this formerly secret FICO number was until fairly recently available only to lenders and businesses and although it is hush hush no longer many of us still don't understand it because there hasn't been enough information on what it is and what exactly lenders are looking for And we certainly haven't known how to make it work for us rather than against us In The Complete Idiot's Guide to Improving Your Credit Score author Lita Epstein clearly explains what your credit score is and how it impacts your life Rather than putting the focus squarely on credit emergencies it provides everything readers need to know to raise their score and keep it high now and in the future
