Fa24 Chem 3A Midterm 1 Extra Credit**Instructions:**

For each question, decide if you think the answer you submitted on the exam was correct or not, and then write a new answer on this file. Fill in the pair reflection questions underneath based on your analysis.

Submit a completed copy of this assignment on Gradescope by **11:59 pm on Monday, October 21**. Your graded exam and an answer key for the exam will be posted **AFTER** the submission deadline for this extra credit assignment.

A scanned (but not graded) copy of your submitted exam will be posted for you on Gradescope on Friday 10/18— you may refer to it as you complete this assignment, but you need to **write a new answer in this file** (even if you are just copying your exam answer) so that accuracy grading can be completed on this file.

Use your course materials (lecture notes, PSets, etc.) to help understand any questions you didn't know how to answer. You are welcome to discuss the questions with classmates as you work on this assignment. Questions about it are also welcome in office hours, on Ed, etc.

Please be aware that instructors will **NOT** answer questions about partial credit / rubrics for the exam until graded exams are released. *[Questions about the chemistry are welcome, questions about the grading rubrics are not.]*

Credit:

This assignment will count for an adjustment (addition) to your exam grade. The number of points added to your grade will be **whichever is lower of these two options**:

- **15% of the points you missed** on the exam.

For example, if your original exam score is 67/100 pt, then you missed 33 pt. The maximum score adjustment you can earn is 4.95. Your adjusted exam score would be 71.95/100 pt.

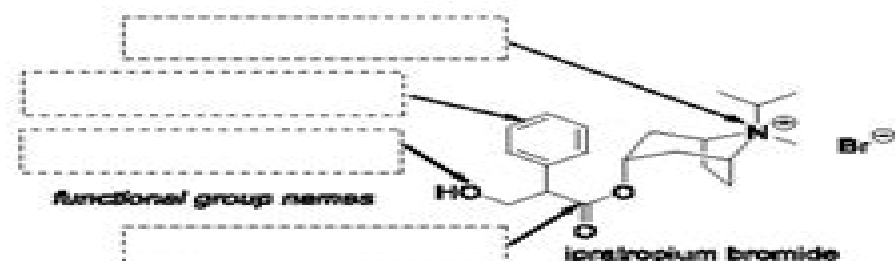

- **Your accuracy score (out of 10 p 6)** on this assignment.

Only a subset of the questions will be graded, with a different rubric than used in the original exam grading. It will not be announced in advance which questions are graded.

The exam score adjustment will be made in the grade calculation spreadsheet (NOT visible in Gradescope) at the end of the semester. The adjusted score will be used in the calculation of your quiz 1-5 replacement scores, if applicable. If midterm 1 counts as your dropped exam score for the semester, this assignment will not earn any credit as the adjustment is dropped with the exam score.
