Construction Management Alan Griffith, Paul Watson, 2003-10-21 He has a following in the United States but over in Europe Joe Bonamassa's star shines so bright he can headline Vienna Music Hall a gorgeous opera house traditionally housing the Vienna Philharmonic It's a large venue and one that conveys class so Bonamassa has indeed gone the classy route here choosing to dedicate his concert to An Acoustic Evening an event then documented on the 2013 live DVD CD set An Acoustic Evening at the Vienna Opera House the set is available in various permutations of DVD BluRay CD Bonamassa didn't take this task lightly He's supported by four musicians all playing a variety of old timey acoustic instruments banjo fiddle harmonium mandola and naturally nyckelharpa surrounded himself with ten acoustic guitars and dobro and plays a marathon set list of 20 songs All this space does indeed give Bonamassa ample space to demonstrate he's skilled at being

more than just a jacked up electric blues guitarist splicing together strands of SRV and Clapton He sounds comfortable in this setting perhaps even a little liberated turning his songs into country blues and backporch stomps There are enough new colors and textures to turn the ear of skeptics who may get a little weary of Bonamassa s never ending string of releases at least two a year every year of the 2010s so far but the concert itself is also in danger of being too much of a good thing lasting almost two hours in its DVD BluRay incarnation and both have additional hour long making of documentaries The CD is shorter and contains judiciously selected highlights so the casual fans can turn there but really anybody who is a serious Bonamassa head will not be disappointed with this acoustic concert which offers more different and interesting sounds than any other previous Bonamassa album Stephen Thomas Erlewine *Handbook for Building Construction: Administration, Materials, Design, and Safety* Clifford J.
