Les récentes réformes de droit bancaire et financier: quel impact pour les établissements de crédit, leurs clients et leurs responsables ? Arnaud Coibion, Veerle Colaert, Michèle Grégoire, Philippe-Emmanuel Partsch, André Risopoulos, Li-Yu Tu, Didier Willermain †, 2015-11-17 Les banques se trouvent au cœur de diverses récentes réformes législatives d'importance Le constat peut au premier abord paraître relever de l'évidence les crises financières de 2008 et de 2011 ont montré que le statut et le contrôle sur les établissements de crédit souffraient de faiblesses et appelaient des réformes L'adoption d'une nouvelle loi bancaire constitue une conséquence directe de ces crises Mais le constat est plus large et ne se limite pas tant à la

seule nouvelle loi bancaire la banque et ses clients se trouvent dans des disciplines variées au cœur de récentes réformes législatives. L'entrée en vigueur du Code de droit économique, la législation sur le blanchiment d'argent et les nouveautés en matière de sûretés financières en sont quelques exemples. Que ce soit en droit des sûretés, en droit pénal, en droit des sociétés, en droit financier ou en matière de protection du consommateur, le législateur est intervenu et a adopté des réformes substantielles qui méritent d'être examinées non pas simplement sous l'angle spécifique de la discipline stricte laquelle chacune d'elles se rapporte, mais bien dans leur ensemble. Ces réformes sont importantes bien sûr pour les établissements de crédit. Elles influencent de manière directe leurs activités, leur gouvernance et leurs obligations. Elles sont notables pour le système bancaire dans son ensemble, puisqu'elles procèdent en partie des leçons tirées de la suite des crises financières de 2008 et 2011 et entendent la fois favoriser la stabilité de ces marchés et la responsabilisation et le contrôle des acteurs qui y interviennent. Elles sont essentielles enfin pour les partenaires et les clients des établissements de crédit, puisqu'elles interfèrent profondément dans la définition de leurs droits et obligations respectifs et entendent fournir une protection accrue aux consommateurs. Dans ce contexte, le présent ouvrage reprend les exposés approfondis présentés lors de l'après-midi organisé par la Conférence du jeune barreau de Bruxelles le 3 juin 2015. Sept spécialistes y donnent leur analyse de ce thème sous l'angle de leurs disciplines respectives : le droit bancaire public et le droit européen, le droit des sociétés, le droit des sûretés, la protection des consommateurs, le droit financier et le droit pénal.

Le droit des obligations en schémas Anne-Sylvie Courdier, 2022-07-12 2^e édition enrichie et mise jour. L'objectif de la collection Le droit en schémas est de proposer des ouvrages facilitant la compréhension et la mémorisation des questions juridiques. Chaque question est ainsi envisagée selon deux approches juxtaposées : le cours traditionnel en page de gauche, des schémas en page de droite. Très didactique, ce manuel de droit des obligations a été conçu à partir de trois choix méthodologiques : la mise en avant des distinctions fondamentales, la reprise des mêmes problèmes sous des angles différents, un effort de mise en perspective afin de faciliter la réflexion et la compréhension des continuités et des ruptures. Il est destiné aux étudiants en Licence 2 Droit aux candidats préparant l'examen du CRFPA.

Introduction au droit - 5^e édition Bonnard Jérôme, 2018-07-17 Cette introduction au droit français constitue conformément l'usage la fois une introduction au droit en général et au droit civil en particulier. Elle s'adresse deux catégories d'étudiants. D'une part aux étudiants de première année de Licence en droit qui approfondiront ultérieurement les principaux thèmes exposés. D'autre part tous ceux qui l'occasion d'autres études sont tenus de suivre un enseignement introductif au droit constituant le seul contact qu'ils auront avec la science juridique. Pour cette raison, l'exposé ne saurait se limiter à une simple initiation aux notions et institutions juridiques. Il présente les principales règles relatives au droit des contrats et des obligations, au droit des personnes et au droit des biens.

Fiches de Droit des contrats spéciaux Johann Le Bourg, 2024-11-12 35 fiches pour réviser tout le cours de Droit des contrats spéciaux, les définitions, connaître les erreurs, viter les points essentiels, retenir des exercices corrigés pour vérifier ses connaissances, des repères bibliographiques pour aller plus loin.

Disgorgement of Profits Ewoud Hondius, André Janssen, 2015-08-12 Disgorgement of profits is not exactly a household word in private law Particularly in civil law jurisdictions as opposed to those of the common law the notion is not well known What does it stand for It is best illustrated by examples One of the best known being the British case of *Blake v Attorney General* 2001 1 AC 268 In which a double spy had been imprisoned by the UK government before escaping and settling in the former Soviet Union While there wrote a book on his experiences upon which the UK government claimed the proceeds of the book The House of Lords as it then was allowed the claim on the basis of Blake's breach of his employment contract Other examples are the infringement of intellectual property rights where the damages of the owner are limited but the profits of the wrongdoer immense In such cases the question arises whether the infringing party should be disgorged of his profits This volume aims at establishing the notion of disgorgement of profits as a keyword in the discourse of private law It does not purport to answer the question whether or not such damages should or should not be awarded It does however aim to contribute to the discussion the arguments in favour and against and the organisation of the various actions

The Language of Law and Food Salvatore Mancuso,2021-04-27 This book reconsiders the use of food metaphors and the relationship between law and food in an interdisciplinary perspective to examine how food related topics can be used to describe or identify rules norms or prescriptions of all kinds The links between law and food are as old as the concept of law Many authors have been using such links in creative ways to express specific features of law This is because the language of food and cooking offers legal thinkers and teachers mouth watering metaphors comparing rules to recipes and their combination to culinary processes This collection focuses on this relationship between law and food and takes us far beyond their mere interaction to explore different ways of using these two apparently so diverse elements to describe different phenomena of the legal reality The authors use the link between food and law to describe different aspects of the legal landscape in different areas and jurisdictions Bringing together metaphors and indirect correlations between law and food the book explores different models of approaching legal issues and considering different legal challenges from a completely new perspective in line with the multidisciplinary approach that leads comparative legal studies today and to a certain extent revisiting and enriching it With contributions in English and French the book will be of interest to academics and researchers working in the areas of law and food law and language and comparative legal studies
