Energy Innovation for the Twenty-First Century Jim Skea, Renée van Diemen, Matthew Hannon, Evangelos Gazis, Aidan Rhodes, 2019 This book addresses the question how effective are countries in promoting the innovation needed to facilitate an energy transition At the heart of the book is a set of empirical case studies covering supply and demand side technologies at different levels of maturity in a variety of countries The case studies are set within an analytical framework encompassing the functions of technological innovation systems and innovation metrics The book concludes with lessons and recommendations for effective policy intervention

Finance, Law, and the Courts Marco Lamandini, David Ramos Muñoz, 2023-11-09 Law and courts are often neglected in finance The discipline is so permeated by economic analysis the enforcement of its rules so based on regulatory authorities that it often seems more natural to speak of financial regulation rather than financial law de emphasizing the role of courts Authored by leading experts in commercial law Finance Law and the Courts goes beyond this limited perspective The book demonstrates that law and courts are essential in providing finance with the certainty it needs to operate and the elasticity it needs to evolve As explored in Part I of the book these benefits result from law s status as an interpretative construct formed by rules and principles a construct shaped by a need for consistency When principles collide courts are often called to solve hard cases and in doing so the Law of Finance evolves Examining such hard cases Parts II and III analyze courts roles in influencing finance s key concepts and principles For Public Law this includes the impact of sovereign immunity separation of powers or individual rights on the justiciability of financial acts central banks mandates and the interplay between regulatory concepts and fundamental rights For Private Law these include the foundations of liability for misstatements the validity and interpretation of financial contracts and creditor creditor conflict The book further explores the interplay between specialist and generalist courts and other bodies in Part IV concluding with a case for limited specialization of finance justice in the EU Offering a comprehensive legal treatment of finance s regulatory sources this book is an unparalleled resource for law academics practitioners and policymakers seeking to better understand the complex financial cases that they may encounter

Pekkanen,Saadia Pekkanen,2021-10-11 Through more than 40 chapters by leading specialists the Oxford Handbook of Japanese Politics examines major aspects of both domestic politics and international relations In addition to providing a broad overview of contemporary Japanese politics the chapters are united by a shared question what is the nature and quality of Japanese democracy Contributors consider this matter alongside their individual subjects which together comprehensively address the central research topics of the field

Superalloys 2020 Sammy Tin,Mark Hardy,Justin Clews,Jonathan Cormier,Qiang Feng,John Marcin,Chris O'Brien,Akane Suzuki,2020-08-28 The 14th International Symposium on Superalloys Superalloys 2020 highlights technologies for lifecycle improvement of superalloys In addition to the traditional focus areas of alloy development processing mechanical behavior coatings and environmental effects this volume includes contributions from academia supply chain and product user members of the superalloy community that highlight technologies that contribute to improving manufacturability affordability life prediction and performance of superalloys South Side Impresarios Samantha Ege,2024-11-12 Between the world wars Chicago Race women nurtured a local yet widely resonant Black classical music community entwined with Black civic life Samantha Ege tells the stories of the Black women whose acumen and energy transformed Chicago s South Side into a wellspring of music making Ege focuses on composers like Florence Price Nora Holt and Margaret Bonds not as anomalies but as artists within an expansive cultural flowering Overcoming racism and sexism Black women practitioners instilled others with the skill and passion to make classical music while Race women like Maude Roberts George Estella Bonds Neota

McCurdy Dyett and Beulah Mitchell Hill built and fostered institutions central to the community. Ege takes readers inside the backgrounds, social lives, and female-led networks of the participants while shining a light on the scene's audiences, supporters, and training grounds. What emerges is a history of Black women and classical music in Chicago and the still vital influence of the world they created. A riveting counter to a history of silence, *South Side Impresarios* gives voice to an overlooked facet of the Black Chicago Renaissance.

Shared Governance for Sustainable Working Landscapes Timothy M. Gieseke, 2016-08-05. Sustaining our agricultural landscapes is no longer just a technical, scientific, or even political problem, but it has evolved into a socially complex, so-called wicked problem of conflicting social governance and economics. This creates an extreme economic obstacle where the value of ecosystem services remains low and diffuse, and the transactions costs remain high and multiple. Using Uber-like business platform technology and a shared governance model, a symbiotic demand for environmental benefits is created. Enabling multi-sector transactions for environmental benefits, this platform innovation would remedy the tragedy of the commons, the economic nemesis to achieving landscape sustainability. In a nutshell, to sustain our agricultural landscapes, a transdisciplinary approach supported by a shared governance model housed within a multi-sided platform is needed. This book introduces an assessment framework identifying governance actors, styles, and ratios for socio-ecological systems. The assessment uses a new governance compass to identify the types of actors completing which tasks and identifies the styles of governance used to complete the tasks. It is aimed to anyone involved in sustainability science, agricultural policy planning, or integrated landscape design.

Sustainable Hospitality Management Huub Ruël, Angelique Lombarts, 2020-11-20. The hospitality industry is a major industry. Due to a steady growth, by 2030 the hospitality and tourism industry is expected to provide 380 million jobs. This title explores the challenges presented, including labor shortages, containing and reducing the ecological footprint, over-tourism, and a poor industry image.

Transparent Lobbying and Democracy Šárka Labouťková, Vít Šimral, Petr Vymětal, 2020-02-04. The authors come up with some innovative tools, namely the Catalogue of transparent lobbying. They look at and evaluate the impact on both key stakeholders: lobbyists and targets of lobbying, monitoring of lobbying activities, and sanctioning for breaches of rules. This tool holds out benchmarking capacity of sound framework for understanding of lobbying in the context of democracy, legitimacy of decision making, and accountability. David Ondrška, member of global Board of Transparency International, head of Transparency International Czech Republic. *Transparent Lobbying and Democracy* provides a comprehensive view into the phenomenon of lobbying. As a well-established scientist specializing in democracy, civil society, and the public sphere, I see it as a useful and enriching contribution to the debate on lobbying, its necessary transparency, and its role in the democratization process. This book has the potential to reach an international audience of experts and interested lay persons and both complement and compete with publications on similar issues. Karel B. Müller, University of Economics in Prague, Czech Republic. This book deals with the current, as yet unsolved problem of transparency of lobbying. In the current theories

and prevalent models that deal with lobbying activities there is no reflection of the degree of transparency of lobbying mainly due to the unclear distinction between corruption lobbying in general and transparent lobbying This book provides a perspective on transparency in lobbying in a comprehensive and structured manner It delivers an interdisciplinary approach to the topic and creates a methodology for assessing the transparency of lobbying its role in the democratization process and a methodology for evaluating the main consequences of transparency The new approach is applied to assess lobbying regulations in the countries of Central Eastern Europe and shows a method for how lobbying in other regions of the world may also be assessed
