Sphere in the Age of Revolution Catriona Kennedy,2025-04-28 The late eighteenth century age of revolutions has long been identified as a key moment in the gendering of modern democratic politics one which opened up new debates on the rights of women while often re affirming the masculinity of the political citizen In Ireland the revolutionary era saw the rise of the radical United Irish movement mass popular mobilisation and reached a violent d nouement in the 1798 rebellion But what did Ireland s age of revolution mean for women Was radical republicanism able to imagine women as political actors

How did Irish women experience and navigate the intense ideological conflicts of the 1790s Addressing these and related questions this is the first book length study of women and Irish politics in the late eighteenth century Revising a stubborn tendency to present women s political engagements in this period as largely mediated through men it stresses instead women s concerns initiatives and networks It reconstructs the distinctively gendered political cultures of Ireland s principal communities the dynastic politics of the Protestant elite the dynamic oppositional culture of Belfast Presbyterianism the urban and agrarian radicalism of unpropertied Catholics and asks how these shaped the meanings of the 1790s for women In looking beyond the homosocial spaces of the club pub lodge and corps it reveals a complexly gendered public sphere in which women were often active participants As the subjects of United Irish addresses religious sermons state surveillance and post rebellion commemoration women emerge as a clear if overlooked constituency in Ireland s age of revolution And it suggests how our understanding of revolution might change when viewed from the perspective of women Transatlantic Abolitionism in the Age of Revolution J. R. Oldfield,2013-08-08 Transatlantic Abolitionism in the Age of Revolution offers a fresh exploration of anti slavery debates in the late eighteenth and early nineteenth centuries It challenges traditional perceptions of early anti slavery activity as an entirely parochial British European or American affair and instead reframes the abolition movement as a broad international network of activists across a range of metropolitan centres and remote outposts Interdisciplinary in approach this book explores the dynamics of transatlantic abolitionism along with its structure mechanisms and business methods and in doing so highlights the delicate balance that existed between national and international interests in an age of massive political upheaval throughout the Atlantic world By setting slave trade debates within a wider international context Professor Oldfield reveals how popular abolitionism emerged as a political force in the 1780s and how it adapted itself to the tumultuous events of the late eighteenth and early nineteenth centuries *Muse* Janet Holmes à Court,2017 *Muse* offers an inside view of the development of a contemporary Australia art collection Janet Holmes a Court in conversation about art and the intense interest she shared with her late husband Robert from the 1960s offers a rationale along with an emotional soundtrack for the 146 works she singles out from a collection of more than 5000 artworks Janet discusses these selections with Terri ann White in the racks where they are stored and in domestic spaces where they hang This is an illuminating book about a passion for art and expression a deep affinity and curiosity about artists and how they make things *Resilient Voices* Ramona Holmes,2021-04-04 The aftermath of World War II sent thousands of Estonian refugees into Europe The years of Estonian independence 1917 1940 had given them a taste of freedom and so relocation to displaced person DP camps in post war Germany was extremely painful One way in which Estonians dealt with the chaos and trauma of WWII and its aftermath was through choral singing Just as song festivals helped establish national identity in 1869 song festivals promoted cultural cohesiveness for Estonians in WWII displaced person camps A key turning point in hope for the Estonian DPs was the 1947 Augsburg Song Festival which is the center point of this book As Estonian

DPs dispersed to Australia Canada Europe and the United States these choirs and song festivals gave Estonians the resilience to retain their identity and to thrive in their new homes This history of Estonian WWII DP camp choirs and song festivals is gathered from the stories of many courageous individuals and filled with the tenacious spirit of the Estonian singing culture This work contributes to an understanding of immigration identity and resilience and is particularly important within the field of music regarding music and healing music and identity historical musicology ethnomusicology and music and politics

Shakespeare Michael Dobson, Stanley Wells, Georgina Lucas, 2020 In *Shakespeare A Playgoer's* a fascinating chronology of his life works and legacy and useful suggestions for further reading Book jacket *The Catholic Case against War* David Carroll Cochran, 2024-03-01 The Catholic Case against War demonstrates how the Catholic mantra Never again war reflects a set of powerfully realistic teachings on war and peace Over the last five decades the Catholic Church has emerged as a powerful critic of war and as an advocate for its alternatives At the same time researchers of armed conflict have produced a considerable body of scholarship on war and its prevention The Catholic Case against War compares these seemingly disparate lines of thought and finds a remarkable harmony between the two Drawing on years of Vatican documents and papal statements political scientist David Carroll Cochran clearly presents the key elements of the Church's case against war Far from a naive optimistic call for peace these teachings are consistent with the empirical research on the realities of contemporary warfare The result is a look not only at the explicit moral case against war developed by the Vatican but also at its remarkable realism and relevance to world conflict today
