

NOTICE

This manual was written by the Yamaha Motor Company primarily for use by Yamaha dealers and their qualified mechanics. It is not possible to put an entire mechanic's education into one manual, so it is assumed that persons using this book to perform maintenance and repairs on Yamaha motorcycles have a basic understanding of the mechanical concepts and procedures inherent in motorcycle repair technology. Without such knowledge, attempted repairs or service to this model may render it unfit to use and/or unsafe.

Escorts Ltd. is continually striving to improve all models manufactured. Modifications and significant changes in specifications or procedures will be forwarded to all authorized dealers and will, where applicable, appear in future editions of this manual.
