Practical Apologetics How To Carry Out The Great Commission:

Practical Apologetics Alex Nicassio, 2014-11-06 Apologetics is the art of understanding the Good News and explaining it to others. Many Christians are lost without an understanding of the Gospel even though they claim to fully understand it. It is the duty of all Christians to properly understand the Gospel good news and once understood to explain it to others so that they may participate in the new Covenant offered by Christ. Most Christians already participate in the Gospel but many who think they know the Gospel are completely mistaken and do not participate in the one Church established by Christ. They are cut off from the Body of Christ. Please reach out and help your lost brothers and sisters. How? In this book we present the method for practical Apologetics as well as initial resources to help understand and deliver the facts of Christianity to Christians.

Retrieving Apologetics Glenn B. Siniscalchi, 2016-01-07 Given the pope's recent statements of his desires to implement the New Evangelization it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics. For the New Evangelization places particular emphasis on reproposing the Gospel to those who have experienced a crisis of faith due to secularization. One salient method of Catholic apologetics used to be characterized by three demonstrations each of which assumes the conclusions established in the previous steps. Some might think that this classical method of apologetics has been abandoned in the postconciliar Church but Siniscalchi's book updates it. Unlike the classical apologetics of the preconciliar era Siniscalchi engages contemporary scholarship in a variety of academic disciplines such as philosophy, history, biblical studies, sociology, and theology to develop the steps that are necessary for showing the reasonableness of faith.

Practical Apologetics: Putting Knowledge To Work Craig Lantz, ThD, PhD, 2025-09-25 This concise handbook is called PRACTICAL APOLOGETICS because it will give you a TOOLBOX of practical tools to use as you live your life and seek to reach others for Christ and share your faith. We all know the slogan Knowledge Is Power. This has become a cultural truism. Here is another true slogan: People don't care how much you know until they know how much you care. Both of these slogans are true. Knowledge is power but it has to be applied at the right time in the right setting and with the right people in terms of using apologetics to advance the Kingdom of God in the lives of those who do not share the same Christian worldview that you have. This 200-page book is filled with facts, truths, principles, and wisdom that have come from having effectively worked with college and university students for over 20 years, primarily at Michigan State University. 1984-2004 Apologetics will only be a useful tool if you know when to get that tool out of your toolbox and apply your tool in the right situation. This takes skill and wisdom and you must have the proper heart towards people with whom you are practicing your apologetic tools. With this handbook is a MUST read for anyone serious about sharing their faith with others.

How and why do people believe This comprehensive guide provides an overview of Christian apologetic approaches and thinkers in a way that even the nonspecialist can understand and practically apply Even handed and respectful of each apologist and their contribution this book provides the reader with a formidable array of defenses for the faith Urban Apologetics Christopher W. Brooks, 2014-06-01 Much of the New Testament was written in urban settings in which the Christian communities had to deal head on with issues such as race equality justice sexuality money and economics But much of today's apologetics engagement with the questions that people are asking about Christianity come from suburban churches and academic studies Urban believers those who live and minister in America's inner cities often face unique issues not often addressed by the larger Christian community These questions aren't neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training In Urban Apologetics he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities such as poverty violence and broken families He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides Faith's Defenders Dr. Octavian Caius Obeada, 2024-07-28 Faith's Defenders The Christian Apologetic Mission

Johnston, 2011-05-23 Mobilizing a Great Commission Church for Harvest addresses practical aspects of evangelism in the local church with the voices and views of nineteen current Southern Baptist professors of evangelism. They address important topics to local church evangelism such as Invitations with integrity and Preparing for Spiritual Warfare. Key leaders and professors write in their areas of expertise. For example, Alvin Reid writes on Mobilizing Students, David Wheeler on Servant Evangelism, Josef Solc on Sports Evangelism, and Darrell Robinson on The Evangelist. In addition, the book begins and ends with two different applications of Matthew's Great Commission. Mobilizing a Great Commission Church for Harvest is a gold mine of information for both pastor and deacon, as it is for students considering the importance of evangelism to local church ministry. It is fresh, new, and true, as all of its authors teach at SBC-affiliated schools and are grounded in the Bible as the inerrant Word of God. *Persuasive Apologetics* Jeffrey M. Robinson, 2023-09-19

We cannot love others well without speaking the truth. Loving our neighbors well includes engaging in robust conversations that destabilize false belief systems. In addressing the mind, will, and emotions of actual, complex people, Christian believers must develop various approaches to meet diverse personalities and multiple connection points. In *Persuasive Apologetics*, pastor and professor Jeffrey M. Robinson explores what's below the surface of intellectual sounding objections to Christianity. He shows what it means to contend for the truth through real-life examples of communicating with those who hold differing beliefs. Robinson covers foundational and practical issues such as the importance of demeanor in being persuasive, various apologetic approaches, the influence of worldview presuppositions, using undercutting defeaters to expose faulty thinking, causes of nonbelief, the historical Jesus compared with figureheads of competing belief systems, the hope that Jesus offers. *Persuasive Apologetics* will challenge serious seekers to peel back the layers of skeptical arguments and equip committed Christians looking to hone their apologetics skills. *A Practical Guide To The Logic, Philosophy and Thoughts of Christianity* Samuel Ken-En

Religious sects cannot even agree amongst themselves on doctrines; how can there be a One true divine being then? Why do Christians believe this? Can evolution and God co-exist? This book uses logic and modern-day examples to explain the numerous questions that may flood atheists, agnostics, and Christians.
