Theresa Ricklefs, 2018-11 During the year 2015 I was suddenly thrust out of the bleachers into full time ministry on Facebook In this groundbreaking book Theresa Terry Ricklefs talks candidly about the unique challenges of Facebook prophetic ministry In a few months time her group Stirring Up the Gifts grew from 50 to over 5 000 members and grew further in numbers from then on Facebook prophetic ministry did not bring herself but hundreds and most likely thousands of believers out of the bleachers during this time She mentions the overwhelming need for qualified prophetic ministers and the demand for free personal prophetic words Burnout in ministry is a huge problem on Facebook and this is also addressed Other topics such as prophetic accountability how to relate to other leaders in a healthy manner and the shortage of connections and publicity which remains a large problem If you desire to speak on the Facebook prophetic movement in your local church read this book If you are considering starting a Facebook prophetic group of your own this book is highly recommended Also included are teaching articles on hearing God and various aspects of the prophetic that were written and published over a span of three years on Facebook by Terry She is a graphic designer by profession so these articles are published with custom made graphics

The Facebook Chronicles Rayna M. Gangi, 2017-06-13 I came onto the internet a novice and got involved with social media in an effort to stay connected to the kids in my life I had to learn the hard way that not everything on the internet is true much is plagiarized and a lot can just disappear at a moment's notice I was never put in Facebook Prison but

I know many who were Most of them were just posting or reposting articles that were not favorable to Obama or Hillary I learned what my purpose was and I came to Facebook every day to fulfill that purpose Do I understand SnapChat or the power of Instagram or how to market via Pinterest No Do I believe everyone should have an interest in politics In some ways yes What our government does is supposed to be what the people want not what the politicians want so we have an obligation as Americans to know what they re doing which is almost always the opposite of what they say they ll do Facebook became my pulpit my journal my activist outlet My notes on Facebook ranged from political to Christmas stories to history and rants Facebook friends grew to the maximum and together we did what we had to do Many had never been on Facebook before 2008 most had never been involved with politics and many spent 8 years learning the internet Facebook and who they were I don t trust the media in any way anymore but Facebook got me through the Obama years
