Asen, 2021-10-05 Evidence shows that the increasing privatization of K 12 education siphons resources away from public schools resulting in poorer learning conditions underpaid teachers and greater inequality But as Robert Asen reveals here the damage that market based education reform inflicts on society runs much deeper At their core these efforts are antidemocratic Arguing that democratic communities and public education need one another Asen examines the theory

driving privatization popularized in the neoliberalism of Milton and Rose Friedman as well as the case for school choice promoted by former secretary of education Betsy DeVos and the controversial voucher program of former Wisconsin governor Scott Walker What Asen finds is that a market based approach holds not just a different view of distributing education but a different vision of society When the values of the market choice competition and self interest shape national education that policy produces individuals Asen contends with no connections to community and no obligations to one another The result is a society at odds with democracy Probing and thought provoking School Choice and the Betrayal of Democracy features interviews with local on the ground advocates for public education and offers a countering vision of democratic education one oriented toward civic relationships community and equality This book is essential reading for policymakers advocates of public education citizens and researchers Civic Engagement and Technical Communication

James M. Dubinsky, J. Harrison Carpenter, 2023-04-14 This special issue on civic engagement and technical communication focuses on the ways educators can help students become actively engaged members of society particularly a rhetorical democracy The first essay examines the concept of community as a locus for civic engagement and question some of the definitions of community seen embedded in current pedagogical practices The next article seeks to shape understanding of practice The tension of developing students civic awareness and engagement is the topic of the third paper The fourth article helps students gain skills and organization awareness and improves the perceived relevance of the work The final two essays approach the issue of civic engagement from slightly different angles one examining the role of teacher as both rhetor and instructor and the other looking to the past for possible solutions for the future By continuing the conversation about the relationship between technical communication and the public good and focusing specifically on pedagogical strategies and their theoretical and historical underpinnings the authors in this special issue clarify roles that technical communication and technical communicators play in civil society as well as ways curricula can be shaped to prepare students to fill those roles

Deliberating Ghana Stephen Kwame Dadugblor, 2025-05-01 In the early 2010s electoral disputes in Ghana garnered global attention and raised questions concerning the nature and future of democratic practice in postcolonial countries In Deliberating Ghana Postcolonial Rhetorics Culture and Democracy Stephen Kwame Dadugblor examines these disputes as they unfolded in Ghana's Supreme Court and in the public domain Reading a diverse set of materials including courtroom discourse social media artifacts documentaries parliamentary records and op eds Dadugblor theorizes a cultural imaginaries orientation as a viable approach for understanding and decolonizing knowledge of democratic practice frequently tethered to Western epistemologies and conceptions Organized around four key ideas about deliberation the notion of speech the utility of genre the promises and perils of digital political participation and the politics of memory Deliberating Ghana situates rhetorical studies of democracy within African epistemologies calling attention to how centering the postcolony can contribute to moving beyond well worn binaries of West non West in studies of rhetoric democracy and deliberation and

toward decolonial possibilities It offers fresh perspectives on foregrounding a society's indigenous knowledge and the messiness of its socio political and rhetorical traditions to intervene in debates about the politics of knowledge production

Rhetoric Humor and the Public Sphere From Socrates to Stephen Colbert investigates classical and contemporary understandings of satire parody and irony and how these genres function within a deliberative democracy Elizabeth Benacka examines the rhetorical history theorization and practice of humor spanning from ancient Greece and Rome to the contemporary United States In particular this book focuses on the contemporary work of Stephen Colbert and his parody of a conservative media pundit analyzing how his humor took place in front of an uninitiated audience and ridiculed a variety of problems and controversies threatening American democracy Ultimately Benacka emphasizes the importance of humor as a discourse capable of calling forth a group of engaged citizens and a source of civic education in contemporary society

Rhetorical Democracy Robert Danisch, 2024-10-08 Rhetorical Democracy How Communication Shapes Political Culture offers an explanation and diagnosis of the current state of American democracy rooted in the American pragmatist tradition Robert Danisch analyzes the characteristics of communication systems and communication practices that inhibit or enhance democratic life In doing so this book provides a detailed explanation of the ways in which the communication systems and practices that constitute democratic life are currently fostering polarization and how they might be made to foster cooperation Scholars of communication rhetorical studies political science and media studies will find this book of particular interest *Rhetorics of Democracy in the Americas* Adriana Angel, Michael L. Butterworth, Nancy R. Gómez, 2021-02-17
Democracy is venerated in US political culture in part because it is our democracy As a result we assume that the government and institutions of the United States represent the true and right form of democracy needed by all This volume challenges this commonplace belief by putting US politics in the context of the Americas more broadly Seeking to cultivate conversations among and between the hemispheres this collection examines local political rhetorics across the Americas The contributors scholars of communication from both North and South America recognize democratic ideals as irreducible to a single national perspective and reflect on the ways social minorities in the Western Hemisphere engage in unique political discourses The essays consider current rhetorics in the United States on American exceptionalism immigration citizenship and land rights alongside current cultural and political events in Latin America such as corruption in Guatemala women s activism in Ciudad Ju rez representation in Venezuela and media bias in Brazil Through a survey of these rhetorics this volume provides a broad analysis of democracy It highlights institutional and cultural differences in the Americas and presents a hemispheric democracy that is both more pluralistic and more agonistic than what is believed about the system in the United States In addition to the editors the contributors include Jos Cortez Lindsay M Cramer Pamela Flores Alberto Gonz lez Amy N Heuman Christa J Olson Carlos Piovezani Clara Eugenia Rojas Blanco Abraham Romney Ren Agust n de los Santos

and Alejandra Vitale **Community Literacy and the Rhetoric of Local Publics** Elenore Long, 2008-03-22 Offering a comparative analysis of community literacy studies *Community Literacy and the Rhetoric of Local Publics* traces common values in diverse accounts of ordinary people going public Elenore Long offers a five point theoretical framework Used to review major community literacy projects that have emerged in recent years this local public framework uncovers profound differences with significant consequence within five formative perspectives 1 the guiding metaphor behind such projects 2 the context that defines a local public shaping what is an effective even possible performance 3 the tenor and affective register of the discourse 4 the literate practices that shape the discourse and most significantly 5 the nature of rhetorical invention or the generative process by which people in these accounts respond to exigencies such as getting around gatekeepers affirming identities and speaking out with others across difference Rhetorical Agendas Patricia Bizzell, 2006-04-21 This volume represents current theory and research in rhetoric across disciplines and is of interest to scholars and students in rhetoric studies in speech communication English and related disciplines **Ethics and Literary Practice** Adam Zachary Newton, 2021-09-09 This volume draws together a diverse array of scholars from across the humanities to formulate and address the question of ethics and literary practice for a new decade In taking up a conjunction whose terms remain productively open to question fifteen essays survey a range of approaches and topics including genre and disciplinary rhetoric emergence theory and literary signification the ethics of alterity of attention and of aesthetics the decolonial and the paracritical neorealism and contingency analogy and affect scripture and national literature From Seamus Heaney to Hannah Arendt Teresa Brennan to Stanley Cavell Ronit Matalon to douard Glissant Uwe Timm to Katherena Vermette Notes for Echo Lake to the Gospel of St Matthew these contributions demonstrate how broadly and fruitfully ramifying its organizing inquiry can be Bringing such multifarious perspectives to the topic feels only more urgent as language meaning and expression enter the crucible of a post truth era **Global Humanitarianism** Daniel Robert DeChaine, 2005-01-01 In *Global Humanitarianism* Daniel Robert Dechaine undertakes an historical cultural analysis of humanitarian NGO rhetoric and politics He focuses his study specifically on MZdecins Sans Fronti res and the International Campaign to Ban Landmines This book besides being the first of its kind offers to the disciplines of political science cultural studies and sociology a model with which to consider the political and social roles of NGOs in the ever changing global community *Invoking the Invisible Hand* Robert Asen, 2009-03-02 In *Invoking the Invisible Hand* Robert Asen scrutinizes contemporary debates over proposals to privatize Social Security Asen argues that a rights based rhetoric employed by Social Security s original supporters enabled advocates of privatization to align their proposals with the widely held belief that Social Security functions simply as a return on a worker s contributions and that it is not in fact a social insurance program By analyzing major debates over a preeminent American institution Asen reveals the ways in which language is deployed to identify problems for public policy craft policy solutions and promote policies to the populace He shows how

debate participants seek to create favorable contexts for their preferred policies and how they connect these policies to idealized images of the nation

Argument in Composition John Ramage, Micheal Callaway, 2009-09-14 ARGUMENT IN COMPOSITION provides access to a wide range of resources that bear on the teaching of writing and argument The ideas of major theorists of classical and contemporary rhetoric and argument from Aristotle to Burke Toulmin and Perelman are explained and elaborated especially as they inform pedagogies of argumentation and composition

Lost Intimacies William J. Spurlin, 2009 *Lost Intimacies Rethinking Homosexuality under National Socialism* uses queer theory as a hermeneutic tool with which to read against the grain of heterotextual narratives of the Holocaust and as a way of locating alternative pathways of meaning in dominant Holocaust research Specifically addressing the racialization of sexuality the book asks how the politics of sexuality can be more explicitly and systematically theorized along with state sanctioned homophobia under Nazism with a clear recognition that homophobia seldom operated alone but worked in conjunction with other axes of power including race gender eugenics and population politics In theorizing gender and sexuality as entangled axes of analysis the book allows the specificity of lesbian difference to emerge and challenges the received wisdom that lesbians were not as systematically persecuted under National Socialism William J Spurlin questions the wisdom of received scholarship that reduces Nazi fascism to latent homosexuality and examines the possible implications of Nazi homophobia and its imbrication with other deployments of power for the study of contemporary culture where the homophobic impulse continues to reverberate thereby challenging understandings of history steeped in notions of progressive modernity

Centrist Rhetoric Antonio de Velasco, 2010-03-08 What exactly is happening when politicians evoke a center space beyond partisan politics to advance what are unmistakably political arguments Drawing from an analysis of pivotal speeches surrounding Bill Clinton's 1992 presidential campaign and first term in office *Centrist Rhetoric The Production of Political Transcendence in the Clinton Presidency* takes an extended look at this question by showing how the possibility of political transcendence takes form in the rhetoric of the political center Faced with a divided and shrinking party and later with a pitched battle against a resurgent conservative movement Clinton used the image of a political center a third way beyond liberal and conservative orthodoxies to advance his strategic goals define his adversaries and overcome key political challenges As appeals to the center helped Clinton to achieve these advantages in specific cases however they also served to define the means ends and very essence of democracy in ambiguous and contradictory ways Touching on controversies from the early 1990s over the future of the Democratic Party racial identity in American politics the threat of rightwing extremism and the role of government Antonio de Velasco shows how centrist rhetoric's call to transcendence weaved together forms of identification and division insight and blindness so as to defy the conventional assessments of both Clinton's supporters and his detractors *Centrist Rhetoric* thus offers general insight into the workings of political rhetoric and a specific appreciation of Clinton's attempts to define and adjust to the political exigencies of a critical period in history of the Democratic Party and

politics in the United States
