Rhodes University Application Forms For 2015:

#RhodesMustFall B. Nyamnjoh, 2016-04-18 This book on rights entitlements and citizenship in post apartheid South Africa shows how the playing field has not been as levelled as presumed by some and how racism and its benefits persist Through everyday interactions and experiences of university students and professors it explores the question of race in a context still plagued by remnants of apartheid inequality and perceptions of inferiority and inadequacy among the majority black population In education black voices and concerns go largely unheard as circles of privilege are continually regenerated and added onto a layered and deep history of cultivation of black pain These issues are examined against the backdrop of organised student protests sweeping through the countrys universities with a renewed clamour for transformation around a rallying cry of Black Lives Matter The nuanced complexity of this insightful analysis of the Rhodes Must Fall movement elicits compelling questions about the attractions and dangers of exclusionary articulations of belonging What could a grand imperialist like the stripling Uitlander or foreigner of yesteryear Sir Cecil John Rhodes possibly have in common with the present day nimble footed makwerekwere from Africa north of the Limpopo The answer Nyamnjoh suggests is to be found in how human mobility relentlessly tests the boundaries of citizenship **Struggle for a Free South Africa** Derek Charles Catsam, 2024-02-15 This book explores anti apartheid movements on university and college campuses across Africa and the United States in the 1970s and 1980s In the wake of the March 1960 Sharpeville Massacre in South Africa the country s apartheid policies drew increasing critical international attention By the 1970s South Africa found itself isolated due to growing sporting economic and cultural boycotts Africans across the continent showed solidarity with Black South Africans through a range of boycotts and protests by hosting South Africans exiled from their home country and by vilifying the apartheid government at every turn This volume looks at elite institutions as well as state colleges and universities in the United States and the actions of university students in Nigeria Kenya Ghana and South Africa during the anti apartheid movements in the 1970s and 1980s revealing the local manifestations of a global struggle The chapters showcase how vibrant campus anti apartheid movements were what universal problems emerged and where unique concerns manifested at a wide range of institutions Taking innovative approaches and offering case studies *Struggle for a Free South Africa* reveals the myriad ways the anti apartheid struggle manifested in a range of academic environments and how those campaigns have been remembered and documented This book was originally published as a special issue of *Safundi* *Communication and Midterm Elections* John Allen Hendricks, Dan Schill, 2016-01-26 This book offers a comprehensive examination of midterm elections from the lens of communications and media coverage Using a wide variety of methods this contributed volume covers the differences similarities and challenges unique to midterm elections *Feeling lives: An intersectional exploration of past experiences and present living* Lindsay Clowes, LJ Theo, Nadia Sanger, Landa Mabenge, Sisa Ngabaza, 2023-11-15 We each make sense of the world through our embodied feeling lives We do it through the social groupings contexts and

processes which history rather than biology presents and assigns to us In this collection we aim to illustrate how these embodied feelings and emotions underpin contemporary theorising by sharing reflective autobiographical writing by individuals from a wide range of backgrounds and contexts This somewhat unruly collection unsettles conventional academic writing precisely because authors have grounded themselves in the tangible and the personal rather than in abstract theory We hope that readers might see aspects of their own lives in some of these stories develop better understandings of lives that are experienced very differently and start or continue to theorise their own lives

Languages, Identities and Intercultural Communication in South Africa and Beyond Russell H Kaschula, 2021-08-23 African countries and South Africa in particular being multilingual and multicultural societies make for exciting sociolinguistic and applied language analysis in order to tease out the complex relationship between language and identity This book applies sociolinguistic theory as well as critical language awareness and translanguaging with its many facets to various communicative scenarios both on the continent and in South Africa in an accessible and practical way Africa lends itself to such sociolinguistic analysis concerning language identity and intercultural communication This book reflects consciously on the North South debate and the need for us to create our own ways of interpretation emanating from the South and speaking back to the North and on issues that pertain to the South including southern Africa Aspects such as language and power language planning policy and implementation culture prejudice social interaction translanguaging intercultural communication education gender and autoethnography are covered This is a valuable resource for students studying African sociolinguistics language and identity and applied language studies Anyone interested in the relationship between language and society on the African continent would also find the book easily accessible

Early Cycladic Sculpture in Context Marisa Marthari, Colin Renfrew, Michael J. Boyd, 2017-01-04 The sculpture of the early bronze age Cyclades has been systematically studied since the time of Christos Tsountas at the end of the 19th century But that study has been hampered by the circumstance that so many of the subsequent finds come from unauthorized excavations where the archaeological context was irretrievably lost Largely for that reason there are still many problems surrounding the chronology the function and the meaning of Early Cycladic sculpture This lavishly illustrated and comprehensive reassessment sets out to rectify that situation by publishing finds which have been recovered in controlled excavations in recent years as well as earlier finds for which better documentation can now be provided Using the material from recent excavation projects and drawing on the papers presented at a symposium held in Athens in 2014 it is possible now to undertake a fresh overview of the entire body of sculpture from the Cycladic islands which has been found in secure archaeological contexts Beginning with early examples from Neolithic settlement sites and extending into a consideration of material found in later contexts the 35 chapters are divided into sections which examine sculpture from settlements cemeteries and the sanctuary at Kavos concluding with a discussion of material techniques and aspects of manufacture

Politics at a Distance from the State Lucien van der Walt, Kirk Helliker, 2022-08-23 For decades most anti capitalist and anti imperialist movements identified radical transformation with capturing state power The collapse of these statist projects from the 1970s led to a global crisis of left and working class politics But crisis has also opened space for rediscovering alternative society centered anti capitalist modes of bottom up change operating at a distance from the state These have registered important successes in practice such as the Zapatistas in Mexico and Rojava in Syria They have been a key influence on movements from Occupy in United States to the landless in Latin America to anti austerity struggles in Europe and Asia to urban movements in Africa Their lineages include anarchism syndicalism autonomist Marxism philosophers like Alain Badiou and radical popular praxis This path breaking volume recovers this understanding of social transformation long side lined but now resurgent like a seed in the soil that keeps breaking through and growing It provides case studies with reference to South Africa and Zimbabwe and includes a dossier of key texts from a century of anarchists syndicalists insurgent unionists and anti apartheid activists in South Africa Originating in an African summit of radical academics struggle veterans and social movements the book includes a preface from John Holloway
