

Basketball

The squeak of sneakers
The pounding of feet
The sounds on court
Are just so sweet.
The dribble of balls
And my teammate's calls
Every cheer
Brings happiness to my ear.
There are many sounds
But the one I like the best

Is probably the swish
Of the ball through the net.

Hoop Queens Charles R. Smith, Jr., 2007-09-11 A collection of twelve poems that celebrate contemporary women basketball stars including Yolanda Griffith Chamique Holdsclaw and Natalie Williams *Children's Books and Their Creators* Anita Silvey, 1995 Unique in its coverage of contemporary American children's literature this timely single volume reference covers the books our children are or should be reading now from board books to young adult novels Enriched with dozens of color illustrations and the voices of authors and illustrators themselves it is a cornucopia of delight 23 color 153 b/w illustrations *Teeth, Wiggly as Earthquakes* Judith Tannenbaum, 2000 *Teeth Wiggly as Earthquakes* guides teachers who want to explore writing poetry with their primary students The lessons are easy to follow and contain numerous model poems written by primary students Lessons build on one another in their exploration and use of image and sound as well as in their organization into themes The book contains information on how to create projects publications and performances once students have created a body of poems There are also ideas for incorporating poetry more fully into a primary classroom Judith Tannenbaum gives teachers information while also respecting their intelligence They can use the book as a step by step guide and then as they feel more comfortable with poems adapt the lessons add model poems by their own students and make up entirely new lessons The book includes examples of how other primary teachers did just that As author and teacher Carol Avery writes After reading this book I was inspired to use some of the ideas that Judith suggests but I did not feel shuttled into a lock step approach that ignores differences among children I found that the approach here provides expertise and direction but leaves plenty of room for individual adaptation and innovation I'm impressed with the author's responses to children They are responses that honor children's thinking and respect them as individuals Judith never comes across as

superior to children She clearly has the expertise to share with children but provides opportunity for children to bring their own expertise to the writing This teacher poet knows how to bring out the best in children **Invisible Ball of Dreams**
