**Robin Higham**

## **Richard C Kirkland Book:**

**Tales of a Helicopter Pilot** Richard C. Kirkland, 2013-04-09 Richard Kirkland is legendary for his P 38 Lightning missions in the South Pacific theater during WWII After the war he realized the potential of Igor Sikorsky's new flying machine and he traded in his fighter pilot wings for rotors The nerve racking chopper missions he has flown are the stuff of legend scrambling to evacuate president Harry Truman after an unthinkable code red one alert comes over his red phone bantering with the real Hawkeye at a MASH unit before flying into North Korea to rescue wounded soldiers Equally riveting are his accounts of a medevac pilot in Vietnam who lands a ten ton CH 46 Frog in the jungle at night with no lights under fire with only a soldier's cigarette lighter for reference and an aerial tour pilot who routinely pulls people out of the water above below and right before Niagara Falls

**Wide Place In The Road** Richard C. Kirkland, 2013-07-05 The Ranchers daughter beautiful Hallie Lamont captivates country boy Jessie Rascoe But the bare foot mountain girl Maria Hunter captures his heart in this Greatest Generation love story based on characters and historic events experienced by the author Richard C Kirkland grew up in a small mountain community attending a one room school during the Great Depression He then flew 103 combat missions in the famous Flying Knights fighter Squadron in World War Two Utilizing those experiences rare in today's literary world he has written a fascinating account of that remarkable period in American history and laced it with an unforgettable love story that has been reviewed as May be one of the greatest love stories ever written

**Air University Library Index to Military Periodicals**, 1999 **The Black Sheep** Bruce Gamble, 2007-12-18 With their renowned squadron leader Greg Pappy Boyington Marine Fighting Squadron VMF 214 was one of the best known and most colorful combat units of World War II The popular television series Baa Baa Black Sheep added to their legend while obscuring the truly remarkable combat record of the Black Sheep and Boyington A retired naval flight officer and former historian for the Naval Aviation Museum Foundation Bruce Gamble provides a highly readable account that serves to both correct and extend the record of this premier fighting force *Air Force Magazine*, 2010 **Verti-flite**, 2002 [American Book Publishing Record](#), 2002 **Nine Miles In** Doug A. Garton, 2017-07-31 Nine Miles In recounts the incredible adventures of Doug Garton the first caretaker to ever live year round at beautiful and historic Webber Lake Ranch in the northern Sierra Nevada Mountains of California Doug and his first and second wife endured fierce isolating yet stunningly beautiful winters The property contains numerous historic buildings and sites the most notable being the 1860s Webber Lake Hotel an original stage stop and resort on the famed Henness Pass Road This self made man narrates his nail biting life and death rescues and close calls while taking the reader through twenty five years of what times were like managing incredible Webber Lake Ranch

**Lost Nuke** Dirk Septer, 2016 A story seemingly drawn out of a Hollywood action script Gripping stuff Canada's History Just before midnight on February 13 1950 three engines of a US Air Force B 36 intercontinental bomber caught fire over Canada's northwest coast The crew jumped and the plane ditched somewhere in the Pacific Ocean Almost four years

later the wreck of the bomber was found accidentally in a remote location in the coastal mountains of British Columbia three hours flying time in the opposite direction of where it was supposed to have crashed After years of silence the United States finally admitted to losing its very first nuclear bomb the incident was its first Broken Arrow the code name for accidents involving nuclear weapons But was the bomb dropped and exploded over the Inside Passage or was it blown up at the aircraft's resting place in the mountains This Cold War era tale follows the last flight of bomber 075 and attempts to unravel the real story behind more than fifty years of secrecy misdirection and misinformation

**The P-38 Lightning and the Men Who Flew It** Wolfgang W. E. Samuel, 2025-04-15 The P 38 Lightning was one of the fastest operational fighters of World War II famous for its successes in North Africa and the Pacific In *The P 38 Lightning and the Men Who Flew It* Wolfgang W E Samuel shares the stories of the young men who climbed into the cockpits of the P 38 to fight for freedom and of those who created tested and deployed these fearsome machines The P 38 was the product of the Lockheed Corporation the first fighter they ever built principally conceptualized by Kelly Johnson whose design was to meet Air Corps specifications To do that he came up with a twin engine aircraft with a tricycle landing gear unlike any other military aircraft of the time But it was no easy plane to fly Many pilots died in training and routine flying before ever meeting an opponent in combat P 38 units were formed quickly once the United States entered World War II in December 1941 Training was rushed to get pilots and planes to Europe as quickly as possible to serve as bomber escorts Although the P 38 could fly at the high altitudes the bombers flew it was not the right aircraft for the mission Without an engine in front of the cockpit to keep the pilot warm the plane was frigid Pilots suffered and were sometimes so weakened by the brutal cold that they had to be lifted out of the cockpit upon landing and the bombers suffered severe losses In North Africa's warmer air however the P 38 came into its own With four 50 caliber machine guns and a 20mm cannon in its nose the P 38 was a formidable adversary With proven success in the Mediterranean P 38 squadrons were transferred to the Pacific Theater where they flourished Focusing on the men who flew this challenging aircraft and the men who designed and decided how to deploy it Samuel shares stories of bravery and ingenuity alongside an aviation history long neglected The P 38's deployment is covered in some detail including the actions of Richard Bong who became the US forces ace of aces In the Pacific skies the P 38 its pilots and designers made the heroic history captured here

**Blue Book of Cambridge for ...** ,1921 *One Hundred Years of Air Power and Aviation* Robin Higham, 2003 In this precise interpretive and informative volume Higham looks at everything from the roots of strategic bombing and tactical air power to the lessons learned and unlearned during the invasion of Ethiopia the war in China and the Spanish Civil War He also considers the problems posed by jet aircraft in Korea and the use of Patriot missiles in the Persian Gulf He covers anti guerrilla operations doctrine industrial activities and equipment as well as the development of commercial airlines
