Richard Deacon So And If But Writings 1970 2012:

Richard Deacon Richard Deacon, 2014 The foremost interest of the sculptor Richard Deacon is in his material as a substance and above all its malleability He uses these materials such as steel plastic resin glass clay copper stone and aluminium as manifestations of expression as is the act of the work itself that concludes the undertaking Along with these unusual forms biomorphic like volumes convoluted serpentine delineations and dynamic entwinements from the end of the 1990s the artist produced ceramic pieces finished in a great variety of glazes thus combining painting and sculpture What constantly fascinates him is the intellectual link to his work He has written many texts that are assembled here for the first time notes from his student days transcriptions of actual dialogues and situations personal views in retrospect spontaneous memos of production processes contributions to the catalogues of artist friends and memories of people who played a role in his biography among other things The reader is not only given a fragmentary insight into the mental world of the artist but can directly recapitulate how Deacon became a sculptor

William Stanley as Shakespeare John M. Rollett, 2015-04-07 Presenting striking new evidence this book shows that William Shakespeare was the pen name of William Stanley son of the Earl of Derby Born in 1561 he was educated at Oxford travelled for three years abroad and studied law in London mixing with poets and playwrights In 1592 Spenser recorded that Stanley had written several plays In 1594 he unexpectedly inherited the earldom hence the pen name He became a Knight of the Garter in 1601 eligible to help bear the canopy over King James at his coronation likely prompting Sonnet 125 s Wer t ought to me I bore the canopy he is the only authorship candidate ever in a position to bear the canopy which was only ever borne over royalty Love s Labour s Lost parodies an obscure poem by Stanley s tutor which few others would have read Hamlet s situation closely mirrors Stanley s in 1602 His name is concealed in the list of actors names in the First Folio His writing habits match Shakespeare s as deduced from the early printed plays He was a patron of players who performed several times at court and financed the troupe known as Paul s Boys No other member of the upper class was so thoroughly immersed in the theatrical world

Profile Pieces Sue Joseph, Richard Lance Keeble, 2015-10-14 This book examines the history theory and journalistic practice of profile writing Profiles and the practice of writing them are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself While the subject often through the medium of their press representative struggles to retain control of the interview space the journalist seeks to subvert it This interesting and multi layered interaction however has rarely been subject to critical scrutiny partly because profiles have traditionally been regarded as public relations exercises or as soft journalism However chapters in this volume reveal not only that profiling has historically taken many different forms but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals The volume looks at the profile s historical beginnings at the contemporary manufacture of celebrity versus the ordinary at profiling communities countries and movements at profiling the destitute at

sporting personalities and finally at profiling and trauma
