failed attempt to revitalize socialism in the 1970s social unrest and movements for a democratic socialism made room for the regime's Reform and Opening policies in the late 1980s the Tian anmen Square uprising triggered more radical reforms in the 1990s peasant and state worker unrest could not stop the capitalist restructuring and in the 2000s migrant worker struggles led to concessions tightened repression and the regime's global capitalist expansion strategy in the 2010s The Communist Road to Capitalism breaks with established orthodoxies about the PRC's socialist successes and myths on its later rise as an economic power It combines a historiography of workers peasants migrants and women's struggles with a searing critique of exploitation authoritarian state power and gender discrimination under socialism and capitalism Drawing lessons from PRC history Ralf Ruckus finally outlines political aims and methods for the left that avoid past mistakes and allow to fight on for a society free of all forms of exploitation and oppression
