

DIFFUSION

The spreading out of particles from an area of higher concentration to an area of lower concentration.

- Happens in solutions and gases because their particles are free to move about randomly.
- The bigger the concentration gradient (difference in concentration) the faster the diffusion rate.
- Higher temperature causes higher diffusion rates because particles have more energy.
- Some small molecules can move in and out of a cell by diffusion.
- Only small molecules can diffuse through cell membranes e.g. oxygen, glucose, amino acids and water.
- Ions and proteins are too big to fit through the membrane.
- Particles flow through the membrane from a high concentration to a low concentration.
- The larger the membrane surface area the faster the diffusion rate because more particles can pass through at once.

ACTIVE TRANSPORT

ROOT HAIR CELLS

- Each branch of a root covered in millions of hairs, giving a large surface area for absorbing the ions, minerals and water needed for healthy growth. Mineral concentration is usually higher in root hair cells than in the soil so they cannot get diffusion.

- Root hair cells use active transport to take in minerals against the concentration gradient. However it requires energy from mitochondria to work.

HUMANS

- Active transport is used in the gut when there is a lower concentration of nutrients than in the blood.
- When there is a high concentration of glucose and amino acids in the gut they diffuse into the blood. However when there is a higher concentration of glucose and amino acids in the blood active transport must be used.
- It allows nutrients to be taken into the blood even though the concentration gradient is wrong.
- Glucose can be taken into the bloodstream even when its concentration in the blood is higher than in the gut.
- It can be transported to the for respiration.

OSMOSIS

The movement of water molecules across a partially permeable membrane from a region of high water concentration to a region of low water concentration.

- A partially permeable membrane has very small holes so only tiny molecules like water can get through.
- Water molecules move about randomly all the time so can pass through both ways.
- There's net flow of water to side with fewer water molecules e.g. stronger sugar solution (which becomes more dilute when more water flows over).

EXPERIMENT

- 1) Cut up potato into identical cylinders.
 - 2) Fill beakers with different concentrations sugar solutions. From highly concentrated (1g/ml) to pure water.
 - 3) Measure the mass of the potato cylinders. Then leave them in a beaker of solution for around 24 hours.
 - 4) Take them out dry them and weigh them.
 - 5) If their mass increased - water was drawn in. If their mass decreased water was drawn out.
- Independent variable: Sugar solution concentration.
Dependent variable: Potato mass.
- If some cylinders are not fully dry, then water could give a higher mass. Is water diffusing from beakers? Sugar solution concentration lowest in a cylinder.

Science Revision Year 9 Biology Notes Introduction

Science Revision Year 9 Biology Notes Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Science Revision Year 9 Biology Notes Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Science Revision Year 9 Biology Notes : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Science Revision Year 9 Biology Notes : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Science Revision Year 9 Biology Notes Offers a diverse range of free eBooks across various genres. Science Revision Year 9 Biology Notes Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Science Revision Year 9 Biology Notes Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Science Revision Year 9 Biology Notes, especially related to Science Revision Year 9 Biology Notes, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Science Revision Year 9 Biology Notes, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Science Revision Year 9 Biology Notes books or magazines might include. Look for these in online stores or libraries. Remember that while Science Revision Year 9 Biology Notes, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Science Revision Year 9 Biology Notes eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Science Revision Year 9 Biology Notes full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer

subscription-based access to a wide range of Science Revision Year 9 Biology Notes eBooks, including some popular titles.

FAQs About Science Revision Year 9 Biology Notes Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Science Revision Year 9 Biology Notes is one of the best book in our library for free trial. We provide copy of Science Revision Year 9 Biology Notes in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Science Revision Year 9 Biology Notes. Where to download Science Revision Year 9 Biology Notes online for free? Are you looking for Science Revision Year 9 Biology Notes PDF? This is definitely going to save you time and cash in something you should think about.
