Psychology, 1985 Readers' Guide to Periodical Literature, 1904 *Exploring the Psycho-social Therapies Through the Personalities of Effective Therapists* James Kelso Dent, George A. Furse, 1978 The National Institute of Mental Health has long been interested in the effectiveness of various ways of dealing with the mental emotional and behavioral disorders However there is a continuing problem in evaluation in that it is sometimes difficult to

describe accurately what goes on in therapy This study examines the personality of the intervener to better understand what is being done and assess the effectiveness of specific kinds of interventions The studies are presented chronologically in the first person to enable the reader to see clearly where the ideas and methods came from where they went awry and where they appear to have worked well A number of critical issues are considered some of them methodologic others substantive One recurring question concerns the extent to which it may be possible to specify good psycho social therapy in general Or must we find the psycho social therapy which is appropriate to each type of human problem On this issue will ultimately depend the optimal designs for mental health services for mental health research and for mental health training
