*The European Union as Guardian of Internet Privacy* Hielke Hijmans, 2016-09-06 This book examines the role of the EU in ensuring privacy and data protection on the internet It describes and demonstrates the importance of privacy and data protection for our democracies and how the enjoyment of these rights is challenged by particularly big data and mass surveillance The book takes the perspective of the EU mandate under Article 16 TFEU It analyses the contributions of the specific actors and roles within the EU framework the judiciary the EU legislator the independent supervisory authorities the cooperation mechanisms of these authorities as well as the EU as actor in the external domain Article 16 TFEU enables the Court of the Justice of the EU to play its role as constitutional court and to set high standards for fundamental rights protection It obliges the European Parliament and the Council to lay down legislation that encompasses all processing of personal data It confirms control by independent supervisory authorities as an essential element of data protection and it gives the EU a strong mandate to act in the global arena The analysis shows that EU powers can be successfully used in a legitimate and effective manner and that this subject could be a success story for the EU in times of widespread euroskepsis It demonstrates that the Member States remain important players in ensuring privacy and data protection In order to be a success story the key stakeholders should be prepared to go the extra mile so it is argued in the book The book is based on academic research for which the author received a double doctorate at the University of Amsterdam and the Vrije Universiteit Brussels It builds on a long inside experience within the European institutions as well

*The Human Rights Covenants at 50* Daniel Moeckli, Helen Keller, Corina Heri, 2018-06-06 Half a century ago on 16 December 1966 the UN General Assembly adopted the International Covenant on Civil and Political Rights ICCPR and the International Covenant on Economic Social and Cultural Rights ICESCR While the adoption of the two UN human rights covenants was celebrated all over the world their 50th anniversary has received very little attention from the international community The present book marks this anniversary by taking stock of the first half century of the existence of what are probably the world's two most important human rights treaties It does so by reflecting on what the covenants have achieved or failed to achieve in the years that have passed by determining and comparing their current influence in the various regions of the world and by assessing their potential roles in the future The book contains papers that were presented during a symposium held in Zurich in 2016 which brought together experts and stakeholders from a range of disciplines and world regions Some fundamental issues that are addressed by the contributors are as old as the two covenants themselves They concern for example the division of human rights into first and second generation rights and the question of whether there should be one central monitoring body possibly a world court or more than just one However the contributors go beyond such questions that have been explored before they develop new answers to old questions and point to new challenges
