COVID-19 and Existential Positive Psychology (PP2.0): The New Science of Self-Transcendence Paul T. P.

Wong, Claude-Hélène Mayer, Gökmen Arslan, In the era of COVID 19 many people have suffered high levels of stress and
mental health problems To cope with the widespread of suffering physical psychological social and economical the positive
psychology of personal happiness is no longer the sole approach to examine personal wellbeing Other approaches such as
Viktor Frankl's theory of self transcendence provide a promising framework for research and intervention on how to achieve
resilience wellbeing and happiness through overcoming suffering and self transcendence The existential positive psychology
of suffering complements the positive psychology of happiness which is championed by Martin Seligman as two equal halves
of the circle of wellbeing and optimal mental health This Research Topic aims to examine the different approaches to Positive
Psychology and their influence on individual wellbeing during the COVID 19 era One of the exciting development in the
positive psychology of wellbeing is the mounting research on the adaptive benefits of negative emotions such as shame guilt
and anger as well as the dialectical process of balancing negative and positive emotions As an example based on all the
empirical research and Frankl's self transcendence model Wong has developed the existential positive psychology of
suffering PP2 0 as the foundation for flourishing Here are a few main tenets of PP2 0 1 Life is suffering and a constant
struggle throughout every stage of development 2 The search for self transcendence is a primary motive guided by the
meaning mindset and mindful mindset 3 Wellbeing cannot be sustainable without overcoming and transforming suffering In
this Research Topic we welcome diverse approaches discussing the following points The dialectic process of overcoming the
challenges of every stage of development as necessary for personal growth and self transcendence The role of self
transcendence in resilience virtue meaning and happiness The upside of negative emotions The new science of resilience
based on cultivating the resilient mindset and character How to make the best use of suffering to achieve our potentials
