Obama 775 Billion Plan Report:

Obama's Economy Jack Rasmus, 2012-04-20 Radical economist Jack Rasmus shows how the Obama administration failed to deliver on its promises of economic recovery and social justice and puts forward alternative proposals for how the administration could have realised these goals In the period of Obama's presidency corporate profits were up and economic hardship was the bitter reality for millions of US citizens Rasmus argues that the weakest economic recovery since 1947 was the direct result of the Obama administration's failure to take decisive action Analysing deficit cutting the fear of a global depression tactical populism and austerity this book is a clear and cutting antidote to current liberal narratives From Obama's presidential election to the passage of his 2012 budget this book explains how the US economy failed and why the risk of a double dip recession was on the cards *Renegade* Richard Wolffe, 2010 Based on the author's unprecedented access to President Obama *Renegade* reveals the making of a president both on the campaign trail and before he ran for high office

The Fox Effect David Brock, Ari Rabin-Havt, Media Matters for America, 2012-02-21 Here is comprehensive overview of the tumultuous career of former Fox News president Roger Ailes and a must read for anyone looking to understand his legacy and impact on news media Based on the meticulous research of the news watchdog organization Media Matters for America David Brock and Ari Rabin Havt show how Fox News under its president Roger Ailes changed from a right leaning news network into a partisan advocate for the Republican Party *The Fox Effect* follows the career of Ailes from his early work as a television producer and media consultant for Richard Nixon Ronald Reagan and George H W Bush Consequently when he was hired in 1996 as the president of Rupert Murdoch's flagship conservative cable news network Ailes had little journalism experience but brought to the job the mindset of a political operative As Brock and Rabin Havt demonstrate through numerous examples Ailes used his extraordinary power and influence to spread a partisan political agenda that is at odds with long established widely held standards of fairness and objectivity in news reporting Featuring transcripts of leaked audio and memos from Fox News reporters and executives *The Fox Effect* is a damning indictment of how the network's news coverage and commentators have biased reporting drummed up marginal stories and even consciously manipulated established facts in their efforts to attack the Obama administration **Arguing with Zombies: Economics, Politics, and**

provides unique commentary of those defining decisions of winter 2008 2009 A decade later the ramifications of the Great Recession and the role of government in addressing the crisis animate the ideological battle between progressivism and neoliberalism in the Democratic Party and the radical direction of the Republican Party As many seek the presidency in the November 2020 election all candidates and of course the eventual winner will face decisions that may be as critical and difficult as those confronted by Barack Obama This book aims to provide the guidance of history A powerfully lucid compelling and surprising achievement makes a subtle but irresistible argument that given the conservative undertow of American politics liberals and progressives who are serious about change can't just wing it but must prepare detailed economic policy analyses and prescriptions long in advance of taking power Congressman Jamie Raskin Representative from Maryland's 8th District The Stimulus United States.
