Whitaker's Book List, 1991 A Stakeholder Approach to Corporate Social Responsibility Philip Kotler, François Maon, 2016-03-16 Corporate social responsibility has grown into a global phenomenon that encompasses businesses consumers governments and civil society and many organizations have adopted its discourse Yet corporate social responsibility remains an uncertain and poorly defined ambition with few absolutes First the issues that organizations must address can easily be interpreted to include virtually everyone and everything Second with their unique often particular characteristics different stakeholder groups tend to focus only on specific issues that they believe are the most appropriate and relevant in organizations corporate social responsibility programs Thus beliefs about what constitutes a socially responsible and sustainable organization depend on the perspective of the stakeholder Third in any organization the beliefs of organizational members about their organization's social responsibilities vary according to their function and department as well as their own managerial fields of knowledge

A Stakeholder Approach to Corporate Social Responsibility provides a comprehensive collection of cutting edge theories and research that can lead to a more multifaceted understanding of corporate social responsibility in its various forms the pressures and conflicts that result from these different understandings and some potential solutions for reconciling them

Business and Management in Asia: Digital Innovation and Sustainability Tobias Endress, Yuosre F. Badir, 2022-11-17 This book focuses on digital innovation and sustainability in the Asian region in the context of business and management Managers and policy makers rely on digital technologies to face the region's sustainability challenges and solve sustainability problems From business perspective sustainability is defined as the adoption of business strategies activities and operations that meet the needs of the firm and its stakeholder today while

protecting sustaining and enhancing the human and natural resources that will be needed in the future Digital innovation refers to the application of digital technologies to existing business problems as well as the development of the firm s strategy culture and human resources talent to deal and use digital technologies to solve sustainability issues There is a consensus among scholars and practitioners that organizations need digital innovation to stay competitive Businesses that are digital innovators consider new ways to solve old and new sustainability problems facing the Asian region This book with its practical examples gives the reader impulses for new Asian s approaches and encourages the readers to dare to think and act in new ways This book is the first annual compilation of innovative ideas and valuable managerial solutions produced by the region s managers and decision makers who think and act creatively helmed by Tobias Endress and Yuosre F Badir from the School of Management at the Asian Institute of Technology Mind, Text, and Reality in Buddhist Studies Paul Fuller,Indaka Weerasekera,2025-08-07 Bringing together contributions from North America UK Europe and Asia into a single volume this book advances scholarship in Buddhist studies and celebrates Rupert Gethin s immense contribution to the field Essays include explorations of Buddhist teachings scriptural studies and cover the fields of research that engage Rupert Gethin s scholarship Buddhist cosmology textual translations Abhidharma and the interface between Buddhism and modern science Scholars address themes associated with Buddhist thought and practice including philosophy of mind and the relationship between artificial intelligence and Buddhist ethics Translations and analyses of a variety of written materials span several genres and ages Gandhari manuscripts Vinaya commentaries Buddhist Sanskrit imagery and Tibetan translations of late Indian texts To acknowledge Rupert Gethin s important and expansive contribution to the field of Abhidharma the book offers explorations into Abhidharma terminology its commentaries and texts associated with early Buddhist schools The volume also highlights the intricacies of Abhidharma the interplay of Buddhism and modern technology and how language shared between Pali and Sanskrit illuminates Buddhist doctrines **The New International Year Book** ,1922 *Media Independence* James Bennett,Niki Strange,2014-11-20 Media independence is central to the organization make up working practices and output of media systems across the globe Often stemming from western notions of individual and political freedoms independence has informed the development of media across a range of platforms from the freedom of the press as the fourth estate and the rise of Hollywood s Independent studios and Independent television in Britain through to the importance of Indy labels in music and gaming and the increasing importance of independence of voice in citizen journalism Media independence for many therefore has come to mean working with freedom from state control or interference from monopoly from market forces as well as freedom to report comment create and document without fear of persecution However far from a stable concept that informs all media systems the notion of media independence has long been contested forming a crucial tension point in the regulation shape size and role of the media around the globe Contributors including David Hesmondhalgh Gholam Khiabany Jos van Dijck Hector Postigo Anthony Fung Stuart Allan and

Geoff King demonstrate how the notion of independence has remained paramount but contested in ideals of what the media is for how it should be regulated what it should produce and what working within it should be like They address questions of economics labor relations production cultures ideologies and social functions *The Publishers Weekly* ,1924 *The New International Year Book* Frank Moore Colby,Allen Leon Churchill,Herbert Treadwell Wade, Frank H.
