Everyday Movies Haidee Wasson, 2020-11-10 *Everyday Movies* documents the twentieth century rise of portable film projectors It demonstrates that since World War II the vast majority of movie watching did not happen in the glow of the large screen but rather took place alongside the glitches distortions and clickety clack of small machines that transformed home classroom museum community government industrial and military venues into sites of moving image display Reorienting the history of cinema away from the magic of the movie theater Haidee Wasson illustrates the remarkable persistence and proliferation of devices that fundamentally rejected the sleek highly professionalized film show She foregrounds instead another kind of apparatus one that was accessible affordable adaptable easy to use and crucially programmable Revealing rich archival discoveries this book charts a compelling and original history of film that brings to light new technologies and diverse forms of media engagement that continue to shape contemporary life

Killing for Show Julian Stallabrass, 2020-10-30 See firsthand how war photography is used to sway public opinion In the autumn of 2014 the Royal Air Force released blurry video of a missile blowing up a pick up truck which may have had a weapon attached to its flatbed This was a lethal form of gesture politics to send a 9 million bomber from Cyprus to Iraq and back burning 35 000 an hour in fuel to launch a smart missile costing 100 000 to destroy a truck or rather to create a video that shows it being destroyed Some lives are ended it is impossible to tell whose so that the government can pretend that it taking effective action by creating a high budget snuff movie This is killing for show Since the Vietnam War the way we see conflict through film photographs and pixels has had a powerful impact on the political fortunes of the campaign and the way that war has been conducted In this fully illustrated and passionately argued account of war imagery Julian Stallabrass tells the story of post war conflict how it was recorded and remembered through its iconic photography The relationship between war and photograph is constantly in transition forming new perspectives provoking new challenges what is allowed to be seen Does an image have the power to change political opinion How are images used to wage war Stallabrass shows how photographs have become a vital weapon in the modern war as propaganda from close quarters fighting to the drone s electronic vision as well as a witness to the barbarity of events such as the My Lai massacre the violent suppression of insurgent Fallujah or the atrocities in Abu Ghraib Through these accounts Stallabrass maps a comprehensive theoretical re evaluation of the relationship between war politics and visual culture *Killing for Show* offers 190 photographs encompassing photojournalism

artists images photographs by soldiers and amateurs and dronesA comprehensive comparison of the role of photography in the Vietnam and Iraq WarsAn explanation of the waning power of iconic images in collective memoryAn analysis of the failure of military PR and the public display of killingA focus on what can and cannot be seen photographed and publishedAn exploration of the power and limits of amateur photographyArguments about how violent images act on democracy This full color book is an essential volume in the history of warfare and photography

Social Science Goes to War Montgomery McFate, Janice H. Laurence, 2015-01-11 The Human Terrain System HTS was catapulted into existence in 2006 by the US military's urgent need for knowledge of the human dimension of the battlespace in Iraq and Afghanistan Its centrepiece was embedded groups of mixed military and civilian personnel known as Human Terrain Teams HTTs whose mission was to conduct social science research and analysis and to advise military commanders about the local population Bringing social science and actual social scientists to the wars in Iraq and Afghanistan was bold and challenging Despite the controversy over HTS among scholars there is little good reliable source material written by those with experience of HTS or about the actual work carried out by teams in theatre This volume goes beyond the anecdotes snippets and blogs to provide a comprehensive objective and detailed view of HTS The contributors put the program in historical context discuss the obstacles it faced analyse its successes and detail the work of the teams downrange Most importantly they capture some of the diverse lived experience of HTS scholars and practitioners drawn from an eclectic array of the social sciences

The Spartan Scytale and Developments in Ancient and Modern Cryptography Martine Diepenbroek, 2023-11-16 This book offers a comprehensive review and reassessment of the classical sources describing the cryptographic Spartan device known as the scytale Challenging the view promoted by modern historians of cryptography which look at the scytale as a simple and impractical stick Diepenbroek argues for the scytale's deserved status as a vehicle for secret communication in the ancient world By way of comparison Diepenbroek demonstrates that the cryptographic principles employed in the Spartan scytale show an encryption and coding system that is no less complex than some 20th century transposition ciphers The result is that contrary to the accepted point of view scytale encryption is as complex and secure as other known ancient ciphers Drawing on salient comparisons with a selection of modern transposition ciphers and their historical predecessors the reader is provided with a detailed overview and analysis of the surviving classical sources that similarly reveal the potential of the scytale as an actual cryptographic and steganographic tool in ancient Sparta in order to illustrate the relative sophistication of the Spartan scytale as a practical device for secret communication This helps to establish the conceptual basis that the scytale would in theory have offered its ancient users a secure method for secret communication over long distances
