

## Introduction: The Need for Stimulus

- **Obama's \$775 billion plan may not be enough.**
  - Obama economists expect an additional 2.8 million jobs lost. And plan aimed at creating /saving 3.7 million jobs.
  - PCA estimates that 8.5 million jobs may need to be created/saved.
- **Stimulus plan required = \$1.2 trillion.**
  - House Appropriations = \$825 billion – size of stimulus increasing in recognition of greater economic adversity.
  - More increases required... but ...taxpayer backlash may hinder size and hence economic outcomes.

## **Obama 775 Billion Plan Report:**

*Obama's Economy* Jack Rasmus, 2012-04-20 Radical economist Jack Rasmus shows how the Obama administration failed to deliver on its promises of economic recovery and social justice and puts forward alternative proposals for how the administration could have realised these goals In the period of Obama's presidency corporate profits were up and economic hardship was the bitter reality for millions of US citizens Rasmus argues that the weakest economic recovery since 1947 was the direct result of the Obama administration's failure to take decisive action Analysing deficit cutting the fear of a global depression tactical populism and austerity this book is a clear and cutting antidote to current liberal narratives From Obama's presidential election to the passage of his 2012 budget this book explains how the US economy failed and why the risk of a double dip recession was on the cards *Renegade* Richard Wolffe, 2010 Based on the author's unprecedented access to President Obama *Renegade* reveals the making of a president both on the campaign trail and before he ran for high office

*The Fox Effect* David Brock, Ari Rabin-Havt, Media Matters for America, 2012-02-21 Here is comprehensive overview of the tumultuous career of former Fox News president Roger Ailes and a must read for anyone looking to understand his legacy and impact on news media Based on the meticulous research of the news watchdog organization Media Matters for America David Brock and Ari Rabin Havt show how Fox News under its president Roger Ailes changed from a right leaning news network into a partisan advocate for the Republican Party *The Fox Effect* follows the career of Ailes from his early work as a television producer and media consultant for Richard Nixon Ronald Reagan and George H W Bush Consequently when he was hired in 1996 as the president of Rupert Murdoch's flagship conservative cable news network Ailes had little journalism experience but brought to the job the mindset of a political operative As Brock and Rabin Havt demonstrate through numerous examples Ailes used his extraordinary power and influence to spread a partisan political agenda that is at odds with long established widely held standards of fairness and objectivity in news reporting Featuring transcripts of leaked audio and memos from Fox News reporters and executives *The Fox Effect* is a damning indictment of how the network's news coverage and commentators have biased reporting drummed up marginal stories and even consciously manipulated established facts in their efforts to attack the Obama administration **Arguing with Zombies: Economics, Politics, and**

**the Fight for a Better Future** Paul Krugman, 2020-01-28 New York Times Bestseller An accessible compelling introduction to today's major policy issues from the New York Times columnist best selling author and Nobel prize winning economist Paul Krugman now with a new preface There is no better guide than Paul Krugman to basic economics the ideas that animate much of our public policy Likewise there is no stronger foe of zombie economics the misunderstandings that just won't die In *Arguing with Zombies* Krugman tackles many of these misunderstandings taking stock of where the United States has come from and where it's headed in a series of concise digestible chapters Drawn mainly from his popular New York Times column they cover a wide range of issues organized thematically and framed in the context of a wider debate Explaining the

complexities of health care housing bubbles tax reform Social Security and so much more with unrivaled clarity and precision Arguing with Zombies is Krugman at the height of his powers It is an indispensable guide to two decades worth of political and economic discourse in the United States and around the globe and now includes a preface on Zombies in the Age of COVID 19 With quick vivid sketches Krugman turns his readers into intelligent consumers of the daily news and hands them the keys to unlock the concepts behind the greatest economic policy issues of our time In doing so he delivers an instant classic that can serve as a reference point for this and future generations **Daily Labor Report** ,2009 **Presidential Control over Administration** Patrick O'Brien,2022-04-27 The US Constitution recognizes the president as the sole legal head of the executive branch Despite this constitutional authority the president's actual control over administration varies significantly in practice from one president to the next Presidential Control over Administration provides a new approach for studying the presidency and policymaking that centers on this critical and often overlooked historical variable To explain the different configurations of presidential control over administration that recur throughout history collapse innovation stabilization and constraint O'Brien develops a new theory that incorporates historical variation in a combination of key restrictions such as time knowledge and the structure of government as well as key incentives such as providing acceptable performance and implementing preferred policies O'Brien then tests the argument by tracing the policymaking process in the domain of public finance across nearly a century of history beginning with President Herbert Hoover during the Great Depression and ending with the first two years of the Trump presidency Although the book focuses on historical variation in presidential control especially during the New Deal era and the Reagan era the theory and empirical analysis are highly relevant for recent incumbents In particular O'Brien shows that during the Great Recession and beyond the initial efforts of Presidents Barack Obama and Donald Trump to change the established course during a period of unified party control of the government were largely undercut by each president's limited control over administration Presidential Control over Administration is a groundbreaking contribution to our understanding of the presidency and policymaking Construction Labor Report ,2008 *Money Well Spent?* Michael Grabell,2012-01-31 Traces the evolution of the American Recovery and Reinvestment Act of 2009 while offering insight into its fiercely partisan supporters and detractors explaining how the money was spent and what will be the most likely outcome *A Crisis Wasted* Reed Hundt,2020-10-01 The blow by blow story of a president and his team wasting the opportunity of the Great Recession to change the fundamentals of the economy Steven Brill New York Times bestselling author This book is the compelling story of President Obama's domestic policy decisions made between September 2008 and his inauguration on January 20 2009 Barack Obama determined the fate of his presidency before he took office His momentous decisions led to Donald Trump for Obama the worst person imaginable taking his place eight years later This book describes these decisions and discusses how the results could have been different Based on dozens of interviews with actors in the Obama transition as well as the author's personal observations this book

provides unique commentary of those defining decisions of winter 2008 2009 A decade later the ramifications of the Great Recession and the role of government in addressing the crisis animate the ideological battle between progressivism and neoliberalism in the Democratic Party and the radical direction of the Republican Party As many seek the presidency in the November 2020 election all candidates and of course the eventual winner will face decisions that may be as critical and difficult as those confronted by Barack Obama This book aims to provide the guidance of history A powerfully lucid compelling and surprising achievement makes a subtle but irresistible argument that given the conservative undertow of American politics liberals and progressives who are serious about change can't just wing it but must prepare detailed economic policy analyses and prescriptions long in advance of taking power Congressman Jamie Raskin Representative from Maryland's 8th District The Stimulus United States. Congress. House. Committee on Oversight and Government Reform. Subcommittee on Regulatory Affairs, Stimulus Oversight, and Government Spending, 2011 **The New York Times Index**, 2009 CQ Weekly, 2009 *Hardware Retailing*, 2008 Policy & Practice, 2009 **Corporatocracy** Lee S. Dimin, 2011-04-18 With the election of Barack Obama as president of the United States a retired attorney and patriot began writing a collection of essays commenting on the problems he sees around him Lee S Dimin who served in the Army Air Force during World War II shares how the growing power of corporations and governmental corruption is hurting American citizens In this collection of essays he examines issues such as ways to bridge differences between Democrats and Republicans Islam's continuing quest to dominate the world the intentions of the nation's Founding Fathers in writing the Constitution and how their ideals are being violated the increasing deficit and its implications on every single citizen the ways in which mounting divisions between the rich and poor are hurting the country The challenges that face the United States continue to grow in number but they are not insurmountable In *Corporatocracy* you'll learn equip yourself with the knowledge that will help you take the country back **Newsweek**, 2009 **Activity Report of the Committee on Energy and Commerce of the U.S. House of Representatives ... Together with Dissenting Views** United States. Congress. House. Committee on Energy and Commerce, 2011 US Foreign Policy Michael Cox, Doug Stokes, 2012-02-09 This textbook provides a comprehensive introduction to US foreign policy Bringing together a number of the world's leading experts the text deals with the rise of America US foreign policy during and after the Cold War and the complex issues facing the US since September 11th Government Employee Relations Report, 2009 *The Economic Impact of Ending Or Reducing Funding for the American Community Survey and Other Government Statistics* United States. Congress. Joint Economic Committee, 2012
