Public Discourse in America Judith Rodin, Stephen P. Steinberg, 2011-04-07 A distinguished group of scholars and prominent figures here offers thoughtful new perspectives on the tenor and conduct of public life in contemporary America Originating in a shared concern that our civic culture was becoming coarser and more polarized Public Discourse in America provides a critical corrective to this widespread misperception about declining civility in public culture and the ways we as citizens negotiate our differences Together these essays explore the current condition and centrality of public discourse in our democracy investigating how it has changed through our history and whether it fails to approach our widely held but often unarticulated ideal of reasoned and reasonable public deliberation Contributors consider whether rationality is really the best standard for public discussion and argument and isolate the features and principles that would characterize a truly exemplary more productive public discourse at the beginning of the twenty first century They investigate why public conversations work when they work well and why they often fail when we need them the most as in our nation's so often aborted national conversation on race Taking a comprehensive look at institutional and leadership practices in recent public debates over a variety of hot button public policy issues Public Discourse in America outlines how such conversations can be used to reintegrate our fragmented communities and bridge barriers of difference and hostility among communities and individuals These essays speak to urgent and perennial questions about the nature of American society the responsibilities of leaders the rules of democracy and the role of public culture in times of crisis conflict and rapid change Public Discourse in America originated in the work of the Penn National Commission on Society Culture and Community convened in 1996 by Judith Rodin President of the University of Pennsylvania Distinguished members of the Commission leading experts commissioned researchers and leaders in America's nascent public discourse movement offer unexpected insights and an optimistic vision of the health of our politics and culture Readers of all political persuasions from the halls of political power to the streets of urban neighborhoods from newsrooms and studios to think tanks and universities will find these essays opening up new paths to robust public discussion more engaged citizenship and stronger communities Contributors include Joyce Appleby Thomas Bender Derek

Ingle-Gillis, 2016-12-05 Some hundred years from inception the ecumenical movement is stagnating William C Ingle Gillis argues that the problem lies in modern ecumenism's treatment of denominational Churches as provisional entities requiring reunion to be more fully Christ's Body In a work unique both to ecumenical studies and to trinitarian theology the author redefines ecclesial life from the premise that God's essence is personhood in communion and that the ultimate calling of human persons is to share as fully in the divine life as Christ himself Concluding that the Churches are by the Spirit's action a tangible dynamic event wherein God makes visible his ongoing reconciliation of the world to himself Ingle Gillis argues that the Churches true life lies in coming together rather than being together This conclusion places ecumenism at the heart of Church life and witness *The Other Journal: Prayer* The Other Journal, 2013-04-25 Nothing embodies the mystery of faith quite like prayer Although sometimes an elusive practice that may baffle and confuse prayer is not otherworldly for it is in prayer in talking and listening to our infinite loving creator that we truly find our way in this world In the twenty first issue of The Other Journal contributors consider the transformative mystery of prayer in all its questions and practicalities They carefully think through intercessory prayer and prayerful

**The Eclipse of Humanity** Lawrence Perlman,2016-01-29 It has been widely assumed that Heschel s writings are poetic inspirations devoid of philosophical analysis and unresponsive to the evil of the Holocaust *Who Is Man* 1965 contains a detailed phenomenological analysis of man and being which is directed at the main work of Martin Heidegger found primarily in *Being and Time* 1927 and *Letter on Humanism* 1946 When the analysis of *Who Is Man* is unpacked in the light of these associations it is clear that Heschel rejected poetry and metaphor as a means of theological elucidation that he offered a profound examination of the Holocaust and that the major thrust of his thinking eschews Heideggerian deconstruction and the postmodernism that ensued in its phenomenological wake *Who Is Man* contains direct and indirect criticisms of Heidegger s notions of Dasein thrownness facticity and submission to name a few essential Heideggerian concepts In using his ontological connective method in opposition to Heidegger s ontological difference Heschel makes the argument that the biblical notion of Adam as a being open to transcendence stands in opposition to the philosophical tradition from Parmenides to Heidegger and is the only basis for a redemptive view of humanity
