Digitised Newspapers - A New Eldorado for Historians? Estelle Bunout, Maud Ehrmann, Frédéric Clavert, 2022-12-31 The application of digital technologies to historical newspapers has changed the research landscape historians were used to An Eldorado Despite undeniable advantages the new digital affordance of historical newspapers also transforms research practices and confronts historians with new challenges Drawing on a growing community of practices the impresso project invited scholars experienced with digitised newspaper collections with the aim of encouraging a discussion on heuristics source criticism and interpretation of digitized newspapers This volume provides a snapshot of current research on the subject and offers three perspectives how digitisation is

transforming access to and exploration of historical newspaper collections how automatic content processing allows for the creation of new layers of information and finally what analyses this enhanced material opens up impresso Media Monitoring of the Past is an interdisciplinary research project that applies text mining tools to digitised historical newspapers and integrates the resulting data into historical research workflows by means of a newly developed user interface The question of how best to adapt text mining tools and their use by humanities researchers is at the heart of the impresso enterprise

Suspended For Life C. Twiggy Billue, 2014-07-16 SUSPENDED FOR LIFE takes an empirical look via real experiences at how Zero Tolerance Policies contained in the schools Code of Conduct disregards the rights of the student especially students with disabilities These policies are failing students everywhere including my residence of Syracuse New York Statistically these unfair and biased Zero Tolerance Policies have led to very high suspension rates affecting mainly inner city students but overwhelmingly target students with IEPs 504 Accommodations the untested but suspected LD student and the intellectually gifted student Healthcare Mental Health and Medical Privacy HIPPA now play large roles in school especially in decisions to suspend a student however coupled with a school districts Code of Conduct they have become a crucial aspect for suspension Once you understand the link between a referral to In School Suspension ISS warehousing students or a referral for Out of School Suspension OSS push out of students you will realize that in most cases suspension can lead directly to the prison industrial complex for our young women and men Stopping this from happening to your student may depend on how well you are prepared to advocate for your child We must not allow suspension to push out our children because ostensibly it may be ensuring them a life sentence of unemployment crime or even death We say it starts at home with the parents so if we can better understand our student's rights and the rights we have as parents we can better prepare ourselves to advocate for our student and to hold the school district accountable for the Education of Our Children A *History of the Foundations of Catholic Education*, Dr. Ant, 2022-05-04 St John Neumann established the parochial school system in the United States of America The Roman Catholic school system has been the pioneer of the national organized educational system in our country as well as the standard of success in pedagogy In AD 1950 there were more than eleven thousand Catholic elementary schools in America sadly there are only around twelve hundred still functioning The title of this work serves as a hallmark and a means of exaltation for the contributions made by the Roman Catholic Church in the field of education Doing Spatial History Riccardo Bavaj, Konrad Lawson, Bernhard Struck, 2021-12-30 This volume provides a practical introduction to spatial history through the lens of the different primary sources that historians use It is informed by a range of analytical perspectives and conveys a sense of the various facets of spatial history in a tangible case study based manner The chapter authors hail from a variety of fields including early modern and modern history architectural history historical anthropology economic and social history as well as historical and human geography highlighting the way in which spatial history provides a common forum that facilitates discussion across disciplines The geographical scope of the volume

takes readers on a journey through central western and east central Europe to Russia the Mediterranean the Ottoman Empire and East Asia as well as North and South America and New Zealand Divided into three parts the book covers particular types of sources different kinds of space and specific concepts tools and approaches offering the reader a thorough understanding of how sources can be used within spatial history specifically but also the different ways of looking at history more broadly Very much focusing on doing spatial history this is an accessible guide for both undergraduate and postgraduate students within modern history and its related fields *From ASCII Art to Comic Sans* Karin

Wagner,2023-09-19 A fresh and provocative take on typography computing and popular culture viewed through four idiosyncratic typographical phenomena from the digital age *From ASCII Art to Comic Sans* offers an original vision of the history of typography and computing in the digital age viewed through the lens of offbeat typography We often regard text as pure information and typography as a transparent art form without meaning of its own In this richly illustrated book however Karin Wagner offers a fresh perspective that shows how text is always an image that conveys meaning and how typography far from being meaningless has in fact shaped modern visual and material culture in significant ways By juxtaposing four odd typographical phenomena the pedantic practice of ASCII art the curious looking machine readable typefaces the blurry letters of dot matrix printers and the much maligned font Comic Sans Wagner paints a vivid picture of how functional technologies influence popular culture when used in ways their original creators never intended Design practitioners as well as fans of media graphic design type history and computer technology will enjoy this breezily sophisticated perspective on visual and digital culture Spanning the material and visual aspects of typography from the 1960s to the present *From ASCII Art to Comic Sans* is a unique contribution to the study of popular and material culture that fills a gap in the history of typography and computing Sovereign Credit Rating Ahmed Naciri,2016-12-19 The current degradation of sovereign

balance sheets raises very real concerns about how sovereign creditworthiness is measured by credit rating agencies Given the disastrous economic and social effects of any downgrade the book offers an alternative and calls for more transparency about the quantitative measures used in calibrating the rating process and how sovereign ratings are validated It argues that oversight is required and procedures improved including subjecting methodologies of assessing default to more standardization and monitoring *Sovereign Credit Rating* explains the process of sovereign creditworthiness assessment and explores the consequences of possible inaccuracies in the process Developing an innovative new methodology to assess ratings accuracy it shows that the announcement of each rating action by the major credit rating agencies show alarming inconsistencies Written by an internationally recognized author and professor this unique book will be of interest to researchers and advanced students in corporate governance accounting public finance and regulation **DRHA2014**
