 baseball was one of the most important civil rights stories of the 1930s and 1940s But most of white America knew nothing
 about this story because mainstream newspapers said little about the color line and still less about the efforts to end it Even
 today as far as most Americans know the integration of baseball revolved around Branch Rickey s signing of Jackie Robinson
 to the Brooklyn Dodgers organization in 1945 This book shows how Rickey s move critical as it may have been came after
 more than a decade of work by Black and left leaning journalists to desegregate the game Drawing on hundreds of
 newspaper articles and interviews with journalists Chris Lamb reveals how differently Black and white newspapers and Black
 and white America viewed racial equality Between 1933 and 1945 Black newspapers and the communist Daily Worker
 published hundreds of articles and editorials calling for an end to baseball s color line while white mainstream sportswriters
 perpetuated the color line by participating in what their Black counterparts called a conspiracy of silence The alternative
 presses efforts to end baseball s color line chronicled for the first time in Conspiracy of Silence constitute one of the great
