Collaborative Strategies for Teaching Reading Comprehension Judi Moreillon,2007-02-26 Presents a collection of collaborative strategies for classroom teachers and librarians designed to help improve students reading comprehension

CyberLit Marilyn Dover Newman,2004 Elementary school media specialists and teachers routinely use children s picture

books in their lessons These books add depth and vitality to the curriculum because they are written and illustrated by some of the world's most gifted writers and artists Yet educators are finding it increasingly harder to insert this pleasant and important activity into the busy school day due to increased pressures to improve test scores to implement a standards-driven curriculum and to stay abreast of new technologies to deliver instruction This book helps educators continue to incorporate literature into the school day in spite of these obstacles CyberLit is a book for those who work with or teach others who work with children in the primary grades It is for those who use trade books to supplement and enhance health science creative writing history geography reading math language arts character education multicultural studies holidays citizenship and the fine arts It's for those who love children's literature and book illustration With this book you no longer need to get lost in cyberspace The information has already been searched collected assessed and compiled Easily accessible and at your fingertips this directory can help you to get biographical information about authors and illustrators and to learn how they get ideas for stories how illustrations are created how to extend the books into the curriculum and where to find time saving lesson plans and book related activities for classroom projects and units These outstanding websites of children's authors illustrators and storybook characters were selected based on their educational value and for the fact that they contain a minimum of commercialization They are exemplary examples of authors publishers and scholars who understand and acknowledge the roles of teachers and librarians Like little gems in cyberspace they go beyond the ordinary content for busy educators

Collecting for the Curriculum Amy J. Catalano, 2015-09-28 If you

re a librarian charged with collecting curriculum materials and children's literature to support the Common Core State Standards then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children's literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials
