and translations from first publication to the present day are also discussed together with his own ideas for interpretation. Musical examples and analysis are included to give a closer understanding of Grieg's word setting and harmonic development although their performance is always kept paramount. BERYL FOSTER is a graduate of London University and studied singing in Colchester and at the Royal College of Music. As well as all the usual repertoire since 1980 she has made a particular study of the songs of Grieg and other Norwegian composers giving recitals, lectures and workshops in Britain, Norway, Germany, the Netherlands, Italy and China. She is also a private teacher and festival adjudicator.
