Recht,2016-09-20 Civilization on Earth has collapsed in the wake of the most virulent epidemic ever known 95% of the population has died or been transformed into zombies and petty tyrants vie for control of the remaining resources Twelve months after the outbreak a message is sent out by the U S President who has been quartered in a secure location that a vaccine has been developed Is it true Or is it a ploy **Down the Road** Bowie Ibarra,2006-05 A bizarre plague of the walking dead A nation desperate for survival It could be the end of the world Around the globe the dead are rising to devour the living Hospitals are overrun and martial law has been declared The streets are in chaos Society is disintegrating George Zaragosa is a young school teacher living in the shadow of his fiancée's unsolved murder Now he just wants to go home to his family He's made the journey before traveling from Austin to San Uvalde It's usually a short drive But he knows this time it's going to be different Along the way George must negotiate military roadblocks FEMA camps and street thugs not to mention hordes of the living dead He is determined to make it home but only one thing is certain his trip down the road will be a journey like no other *Books of the Dead* Tim Lanzendörfer,2018-08-08 The zombie has cropped up in many forms in film in television and as a cultural phenomenon in zombie walks and zombie awareness months but few books have looked at what the zombie means in fiction Tim Lanzendörfer fills this gap by looking at a number of zombie novels short stories and comics and probing what the zombie represents in contemporary literature Lanzendörfer brings together the most recent critical discussion of zombies and applies it to a selection of key texts including Max Brooks's World War Z Colson Whitehead's Zone One Junot Díaz's short story Monstro Robert Kirkman's comic series The Walking Dead and Seth Grahame-Smith's Pride and Prejudice and Zombies Within the context of broader literary culture Lanzendörfer makes the case for reading these texts with care and openness in their own right Lanzendörfer contends that what zombies do is less important than what becomes possible when they are around Indeed they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form **Zombie** CSU: Jonathan
