Parliament. House of Commons. Home Affairs Committee,2014 In 1998 the previous government abolished exit checks paper based embarkation records of passengers departing from the UK because they were too resource intensive Those universal exit checks were replaced by an intelligence led approach using CCTV and greater liaison between border agencies port operators and transport carriers This approach was subsequently superseded by the e Borders programme announced in February2005 The e Borders programme has stalled and was terminated in March 2014 and that the Home Office would bereplacing individual systems such as the Warnings Index and Semaphore separately At the moment data for air passengers travelling in and out of the UK is sourced from carrier lists known as Advanced Passenger Information API Air passengers buy tickets in advance and check in a reasonable time before departure so API coverage is good about 80% and increasing Coverage is not so good for rail and ferry passengers partly because of the ticketing systems and partly because

customers can decide to travel buy a ticket and have checked in at a time near to departure Both the Minister and the Director General of Border Force have assured the Committee that 100% exit checks will be in place by 31st March 2015 To deliver exit checks the Home Office needs to find a mechanism that can count all of the rail and maritime passengers as they depart the UK by the end of March Exit checks will be carried out by the transport operators staff not Border Force The Committee hope this can be delivered

Reconstructing Teaching Ian Hextall, Pat Mahony, 2013-04-15 One of the greatest resources a school has is its staff How teachers themselves and their work are defined are therefore matters of utmost importance Major trends of increased control and new managerialism are occurring in most OECD countries radically altering both the content and form of teacher education This book outlines recent changes in teacher education and professional development and by drawing on recent research findings explores the positive and negative impacts on the nature of teaching and the shape of the profession

Gender, Education and Work Christine Eden, 2017-03-27 Girls outperform boys in educational achievement yet women in work are less well paid are underrepresented in positions of power and carry a disproportionate burden of care and childcare Gender Education and Work analyses and interprets the latest data and research in the field to offer detailed historical and sociological explanations for this continuing inequity exploring different dimensions of inequality and how they intersect With discussion questions and selected further reading to support reflection on your own understanding and assumptions it covers key topics Historical approaches to the education of girls and women Key theories and debates Patterns of achievement and intersectionality Attainment gaps and socio economic status Ethnicity and attainment gaps Gender in the classroom and gender identity in schools Patterns of employment and the nature of work The gender pay gap Women's experience of work Gender Education and Work provides the arguments together with the historical evidence and research data required by serious education studies and sociology students engaged in the analysis of this urgent and complex topic

2012 GCSE English

results Great Britain: Parliament: House of Commons: Education Committee,2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007 09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do

Assessing Academic Literacy in a Multilingual Society Albert Weideman,John Read,Theo du Plessis,2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience

Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,2014 **Closing the Vocabulary Gap** Alex Quigley,2018-04-06 As teachers grapple with the challenge of a new bigger and more challenging school curriculum at every key stage and phase success can feel beyond our reach But what if there were 50 000 small solutions to help us bridge that gap In Closing the Vocabulary Gap the author explores the increased demands of an academic curriculum and how closing the vocabulary gap between our word poor and word rich students could prove the vital difference between school failure and success This must read book presents the case for teacher led efforts to develop students vocabulary and provides practical solutions for teachers across the curriculum incorporating easy to use tools resources and classroom activities **The Times Index** ,1997 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement Education in Cambodia Vincent McNamara,Martin

Hayden,2022-05-14 This book is the most comprehensive account yet published about the education system in Cambodia It covers all system levels and draws upon the knowledge and insights of a wide range of leading Cambodian and foreign scholars The book focuses on how the system has developed and is making progress Significant achievements over the past two decades are evident but many problems remain including the poor quality of teaching research and institutional management Under funding is an ongoing obstacle but so too is a bureaucratic culture of resistance to change a history of weak governance and an anti reform sentiment deriving from a teacher centred and exam driven curriculum Achieving international standards must now be the system s highest priority To this end the system must rid itself of conservatism complacency and manipulation by parochial vested interests

British Pakistani Boys, Education and the Role of Religion Karamat Iqbal,2018-10-03 British Pakistani children are the second largest ethnic group in UK schools yet little of their education and wider needs have been researched British Pakistani Boys Education and the Role of Religion seeks to rectify this by investigating the educational achievement of British Pakistani boys and the importance of education both in the Pakistani community and in the wider religion of Islam The book draws on research undertaken by the author in three British state secondary schools to respond to the national policy on the education of ethnic minority children It considers the meaning of education for Pakistanis where religion plays an integral role the gaps in education as well as the issue of representation in governance and in the teaching workforce The author concludes by discussing the possibility of responsive education better meeting the needs of Pakistani children by integrating Islamic religious education and education of the world British Pakistani Boys Education and the Role of Religion will be vital reading for academics and both undergraduate and postgraduate students in the fields of Education and Sociology and specifically those studying inclusion equality and diversity or Asian Muslim or Pakistani education It would also appeal to education practitioners policy makers and community activists
